

THE VERNON RECORD

Semi-Weekly—Tuesdays and Fridays

VOLUME 13.

VERNON, WILBARGER COUNTY, TEXAS, FRIDAY, NOV. 25, 1921.

NUMBER 91.

BUSINESS DISTRICT GIVES \$667.92 IN FIRST DAY'S DRIVE

Welfare Association Mere y
Scrapes Surface In Initial
Quest For Charity Funds—
Project Will Continue Until
Quota of \$8,500 Is Raised—
Church Collection Liberal

Wilbarger County Welfare Association's drive toward a quota of \$8,500 netted the organization \$667.92 the first day of the canvass, but this amount is considered just a skimming of what may be expected shortly. Workers confined their efforts mainly to the morning of Wednesday, and several business districts were left untouched for want of canvassers. A partial solicitation for funds is being carried on today.

No canvass of the residence district was made in the first day, but this will be carried out in the near future. The remainder of the county, as well, will be thoroughly covered ere the drive is completed.

Will Press Drive.

According to Dr. E. L. Moore, president of the Association, the request for funds will be continued until the full quota is reached. Another week, in his estimation, should bring in a large amount of the deficit remaining.

Dr. Moore stressed the fact that citizens must "give until it hurts." The very fact that times have not been so prosperous, he said, is all the more indication why there will be an immense amount of suffering during the coming winter. Those who are so fortunate as to possess something of worldly goods should deem it their place to help provide for those who will have nothing during the coming winter, he remarked.

Must Support Plan.

According to the treasurer of the Association, it will be necessary for the citizens to finance this plan or contrive some other means of looking after the county's poor. This enterprise has been deemed the most efficient that could be worked out and if it fails it will be necessary to go back to the old system of each charitable organization making a separate drive for funds.

He remarked that anyone who has not been called upon can send donations to Jed Morrow at the Chamber of Commerce.

A special collection taken up yesterday at the combined services held at the Methodist church netted \$32.17. The congregation responded liberally to the appeal for aid, and this sum was considered exceptional in view of the number of those present.

Those Who Subscribed.

A partial list of those who subscribed Wednesday is published below, and additional names will be printed in following issues of The Record:

\$100
Joe Sumner.
\$75.00
Perkins Timberlake Company.
\$66.00

THANKSGIVING DAY OF OLD FASHIONED VARIETY HERE

Norther Strikes City In Early
Hours of Morning and Sets
Populace to Shivering—Bus-
inesses Close for Occasion—
Fans Attend Football Game In
Afternoon.

Vernon awoke Thanksgiving morning with a composite shiver. During the preceding night a norther visited its full force upon the city and there was a general groping about in the dark for extra quilts and comforts at the foot of the bed. It was a surprise—this sudden blast of chilling air—and there was a concerted br-r-r.

Little activity was manifested in the business section during the day. Citizens for the most part elected to sit comfortably ensconced at home by warm base burners where the delicious aroma of the plump turkey baking in the kitchen was wafted anon during the morning to whet appetites nearly to the "impossible" point.

Old Fashioned Day.

Father shuffled about the house in his slippers, mother, of course, presided over the preparations in the kitchen. Susie alternately loaned her aid in peeling potatoes and finishing her embroidery work, and Johnny played the Victrola and read an intensely interesting detective story. It was simply a good, old-fashioned Thanksgiving.

In the afternoon there was a football game, without which no Turkey Day could be complete, and fandang attended en masse. There was an hour of shrieks of delight and moans of despair ere the whistle announced the final play of the contest.

County Truly Thankful.

All in all, it was a gratifying occasion. Vernon as well as its Wilbarger county, calmly took stock of its blessings, its industries, its agricultural resources and yields, and assured itself that it was truly thankful.

NOT SO MUCH FOR FARM LOANS.

Congressman In Interview Confused
Allotment For
Texas.

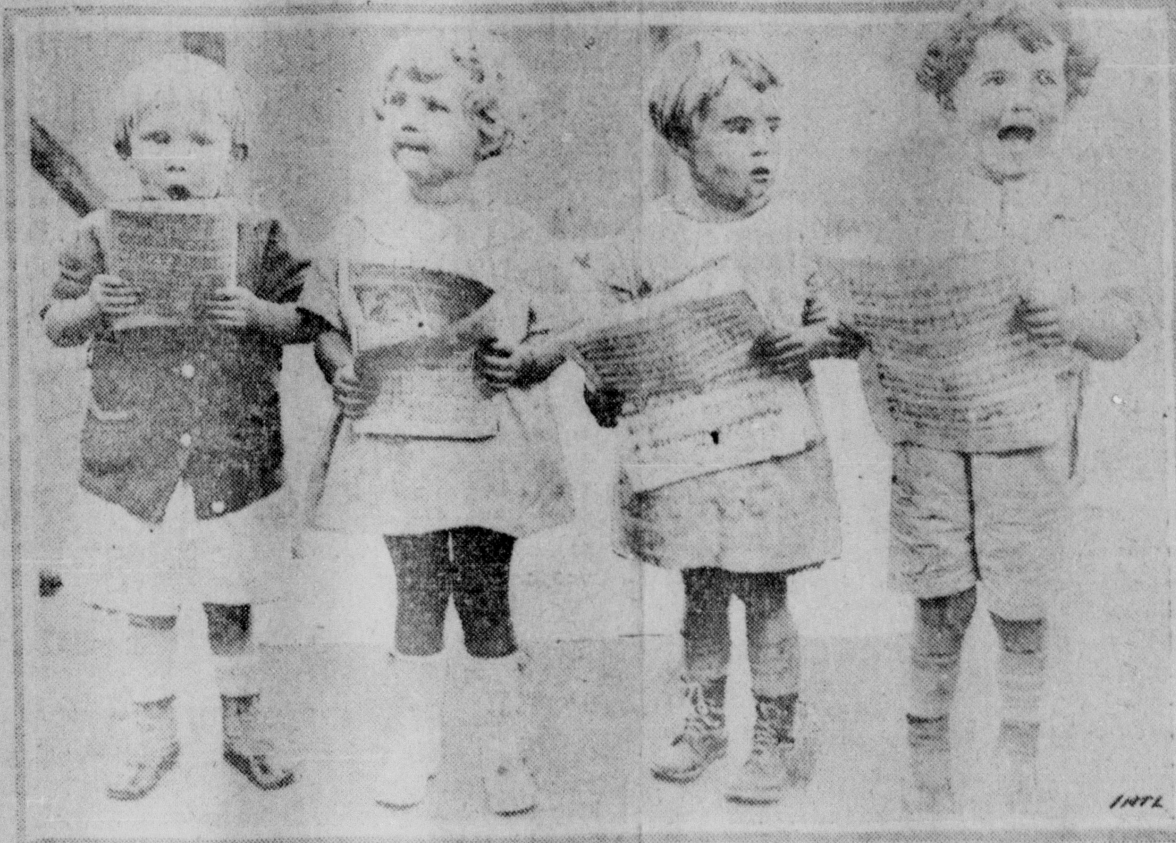

An article contained in recent State papers announced that \$15,000,000 would be loaned the Texas Farm Loan Bank by the national government. Inquiry by W. N. Stokes, local secretary, concerning the unexpected appropriation revealed that the account was in error, and that \$15,000,000 represents the sum apportioned to Texas from last May until next.

According to word received here, nearly half this amount has been paid out, and applications have been received and approved for the remainder. It is reported from Houston that applications during the first seven months of the year totaled \$25,000,000.

Of this amount Wilbarger's loan association has received a goodly share. Mr. Stokes recently succeeded in receiving \$130,000 from the State bank although his quota was not more than \$40,000.

Scott, Eric G. Schröder, L. F. Bell, Farmers Gin, Terhune & Orr, C. M. Ladd, J. M. Underwood, Vernon Storage Battery Company, W. A. Ish, Miss Ruth Westbrook, Miss Ina Westbrook, Miss A. C. Kearns, P. H. Robinson.

Williams, D. S. Lovelace, R. S. White, John Langard, J. A. Pain, Miss Louise Collins, Geo. Veteto, D. D. McCroskey, Floyd Coleman, Anderson Smith, J. N. Wright, E. A. Tidwell, E. C. Christian, B. O. Brown, Miss Vera Lucky.

MUSIC HATH CHARMS TO SOOTHE THE SAVAGE BREAST"

This quartet of minors doesn't know whether they are singing in a major or a minor key, but if you think they haven't volume of tone, you ought to hear them. Study their "physiognomies": they look as if they could make a little noise, don't they. They were the youngest participants recently entered during Music Week, held in San Francisco, Calif.

DONATE TOWARD DOMESTIC COURSE

HIGH SCHOOL, PARENTS AND
TEACHERS FURNISH
NEAT SUM.

Approximately \$250, a sum raised by the High School Parents-Teachers Association about six years ago, has been donated by the organization toward the establishment of a domestic arts department in the local high school. Appreciation of this donation was expressed at the meeting of the Association last Friday in a letter from E. L. Dohoney, city superintendent of the schools. The money has been in a local bank since the time it was raised. Mrs. C. J. Farrell was president of the body at that time.

At the meeting last Friday, Mrs. W. N. Stokes was unanimously chosen president of the High School Parent-Teachers Association. She fills the place left vacant by Mrs. H. D. Hocker-smith who was elected earlier but declined to serve. Other officers of the Association are Miss Anna Joe Pendleton, treasurer, and Mrs. Emmett Piper, treasurer. Dues of the organization are fifty cents a year.

Mrs. E. L. Keltz talked Friday on "How To Secure the Best Results in Class Recitations." E. L. Dohoney spoke on the need for a new high school building. Mrs. J. E. Lutz led a round table discussion on the social life of high school boys and girls.

Box Supper At Hawk Hill.

There will be a box supper at the Hawk Hill schoolhouse the night of Friday, December 2, the proceeds of which will go to the Red Cross and the school. Everyone is invited to attend and to bring a box.

THINK \$65,000 PAYS FOR PLANT

BOND ISSUE MAY MORE THAN
COVER NEW CITY
ENTERPRISE

According to Mayor Harry Mason, figures presented by a Dallas firm on the proposition of constructing a new electric light plant in Vernon indicate that the cost would be \$65,000. It is proposed issuing bonds to the extent of \$100,000 to allow ample leeway in the event that the cost is in excess of the estimate made.

Mr. Mason believes that a new light plant may cost five or even ten thousand dollars more than is conjectured by the Dallas concern. In the event the bond issues carries, he said, it is possible that an ice plant will also be constructed. Mr. Mason indicated that this would be left largely to an expression of the public will. According to estimates made by city officials, a municipal plant could furnish ice at a charge considerably less than that now being paid locally.

No definite plans, however, have as yet been made concerning a new ice plant.

An article in The Record of November 22 was in error when it stated that an election had been ordered for the construction of a municipal water and ice plant. This should have been designated as a light plant.

Lundy's Shotgun Stolen.

A shotgun belonging to Wheeler Lundy was stolen Tuesday night from his car in the garage on his premises. Deputy Sheriff Frank O'Neal arrested a negro known as James Wednesday morning, and he is being held in the county jail. Mr. Lundy lives on North Tolar street.

SAYS WEEVIL MUST BE FOUGHT NOW

LOCAL BANKER SEES NO OCCA-
SION FOR DELAYING
DRIVE ON PEST

"We cannot afford to fool with this boll weevil proposition," is the sentiment expressed by L. K. Johnson, local banker, in discussing the menace threatening Wilbarger county. Mr. Johnson is well versed in farming and owns considerable land in this vicinity. The banker expressed the belief that the situation is fully as bad locally as has been reported, and that it is incumbent upon everyone in the county to "get busy." He pointed out that the depredations of the weevil in other sections are sufficient evidence of what the pest can do when it secures a foothold.

Must Fight Now.

"We cannot afford to wait," Mr. Johnson remarked, "because the boll weevil is undoubtedly here. Cotton is our big money crop and every danger that assails it must be fought down. I believe we can overcome this weevil proposition with a concerted cleanup movement."

"I see that plowing the land is advocated as a good measure to fight the pest. Such activity is good for the soil anyway, especially black land, and I think the farmers should be quick to carry out this course."

"The outcome of this fight means everything to us all and it will require the co-operation of everyone. One or two men cannot swing the enterprise, we all will have to help."

Crowell Business Men Here.

Mark Henry, president of the Crowell Chamber of Commerce, and Jim Bell, banker of that city, were in Vernon Wednesday.

STATE ROAD MONEY GIVEN BECAUSE OF FOUR TO ONE VOTE

Commissioner A. M. Bourland
Says Showing Made In Vote
for \$600,000 Issue Resulted In
Liberal Appropriation for
Wilbarger County Highway at
Austin—Much Credit Is Due
Judge McHugh.

The appropriation of \$203,000 made by the State Highway Commission for Highway number 5 through Wilbarger county can be attributed in the main, according to A. M. Bourland, commissioner, to the showing made here in a recent bond election when \$600,000 of county money was voted for improving the roads. Mr. Bourland was one of the delegation from here who met with the Commission in Austin early in the week.

"It was a realization on the part of the Highway Commission," said Mr. Bourland this morning, "that Wilbarger county wanted good roads and was willing to go the limit to obtain them. Members of the body clearly appreciated the fact that the 4 to 1 vote here indicated clearly the extent to which public sentiment supported the project."

Based On Highway 5.

"The allotment to Wilbarger was made solely on the basis of Highway number 5. The Colorado-to-Gulf line of travel played no part in the appropriation that was made and was not even considered. Highway number 5 is a road through the State from Texas to Texline."

E. L. McHugh, county judge, is entitled to a great share of the credit for the success of the delegation from here, according to Mr. Bourland. The manner in which the petition was presented to the State Highway Commission played a great part in inducing the appropriation made.

CHURCHES COMBINE SERVICES.

Congregations of City Unite In Rendering Thanks at Methodist Church.

A well filled auditorium attended the Thanksgiving services conducted yesterday morning by the congregations of the city at the Methodist church. Dr. E. L. Moore, minister of the Presbyterian church presided over the devotion, and was assisted by other pastors of Vernon.

Doctor Moore preached the Thanksgiving sermon, and prayer was led by Rev. W. T. Rouse and W. P. Garvin. Gus Ramage read the Thanksgiving proclamation of President Harding. Benediction was pronounced by Rev. Johnson.

A special collection for charity was taken up at the services and netted \$32.17.

SPECIAL DISTRICT COURT TO ADJOURN TOMORROW

Adjournment for the special term of district court now in session will probably take place tomorrow, according to Robert Cole of Crowell, serving as judge. The term has been in session two weeks but the docket has been light.

A divorce was granted this morning in the case of Charles Blanchard vs. Ruth Blanchard.

BOX SUPPER AT ODELL NETS LARGE PROCEEDS

A box supper was held at the Odell high school auditorium last Friday night, November 18, and netted proceeds of \$265.61. This amount was expended in purchasing a piano and lights for the school. The auditorium was filled to capacity.

Departments of music and expression will be added to the Odell school as soon as teachers for this work can be obtained.

Entertains Members of Club.

Miss Geraldine Parker entertained informally members of her club Thanksgiving afternoon at her home on West Wilbarger street. Refreshments were served, and high score was won by Miss Johnny Mallow. Guests attended from 3 until 6 o'clock.

Fire Thanksgiving Night.

A fire shortly after 8 o'clock last night did small damage at the Friese home at 626 South Lexington street. The blaze is thought to have originated from an oil stove, and was confined to the walls.

THANKSGIVING DAY CONTEST WON BY VERNON 54 TO 7

Locals Score Touchdown Ere
First Minute of Play Has
Passed—Mangum Returns
Strong In Second Quarter and
Crosses Line On Local Field
For First Time This Season.

In a more or less hectic game which at first appeared as though Vernon might have to extend itself to the limit to defeat the team from Mangum, Okla., the locals sent the visitors home on the losing end of a 54 to 7 score. Only after the beginning of the second half was it a question of how high Coach Morrow's men would run the count against the aggressive Oklahomans, for during the second quarter a hard plunging, hefty fullback named Nelson caused a considerable amount of unpleasantness for the home team.

Nelson, in fact, was the outstanding star of the game, and was at least half the fighting strength of his aggregation. Equally adept at throwing and catching passes, he rushed the line harder than any player seen here this season, and it usually required the combined efforts of three Vernon men to lay him low. It was he who scored the touchdown in the second period after a series of forward passes placed the platoon on the 8-yard line. For the first time this season local fans witnessed the home team line up under its own goal posts.

Started With Thrill.

The Thanksgiving game started with a thrill. Small caught the kickoff on his own 10-yard line and therewith raced 88 yards around the entire Mangum team while the rooters went into a frenzy. On the next play Parr went over a touchdown, and Bramblett kicked goal, making the score 7 to 0 in favor of the locals with play in progress not more than 35 seconds.

As far as form was concerned, Vernon exhibited a decided reaction from the Wichita Falls contest last Saturday. The locals tackled high, ran poor interference, and against a team of better calibre might have suffered ignominious defeat. The only bright spots in the play were individual feats, mostly on the part of the backfield, which drew the applause of the spectators. One of these was a witty catch of a forward pass by Hollar in the second half of the game and a resultant touchdown.

Parr's Work Good.

Parr apparently played his best game of the season at fullback. The husky plunger ripped the Mangum line repeatedly and once intercepted a hard, low forward pass raced 50 yards to a touchdown. His defensive work was also good. Hollar, Small, and Bramblett performed with considerable credit, as well, and all during the course of the game executed plays that won them the cheers of the sidelines. In the line, B. Reed at guard showed the most class. Reed consistently stopped the hard plunging Nelson and broke up many other plays. The remainder of the line performed more or less spasmodically. Morris showed to advantage several times as did Farrell.

First Quarter.

Mangum kicked off at 3:30 and Small returned 88 yards. Parr scored a touchdown and Bramblett kicked goal. Score: Vernon 7—Mangum 0. Parr kicked off over the goal line for a touchback. Mangum made 5 yards through the line and was penalized 15 yards for holding. Mangum punted 25 yards. Vernon commenced a series of line rushes and end runs that shortly netted the locals a second touchdown. Bramblett kicked goal. Score: Vernon 14—Mangum 0.

Second Quarter.

Mangum opened up an aerial attack that carried the ball to Vernon's 8-yard line. Nelson went over for a touchdown and kicked goal. Score: Vernon 14—Mangum 7. Mangum kicked off over the goal line for a touchback. A Vernon pass was intercepted and a moment later Mangum completed a pass for 15 yards. On the next play, Small, leaping like the air, speared another pass of Oklahomans, Vernon losing shortly, however, on a slip act by Mangum.

Nelson then passed 20 yards, the hardest who carried the ball down the field, Bramblett as he was about to cross it. The Mangum player

Vernon Theater

Friday—Saturday
"THE MAN TRACKERS"

An all-star cast—Universal
A picture that makes your heart beat so fast you
can't keep up with it on an adding machine.
Also a Sunshine Comedy—
"The Book Agent"

Monday—Tuesday
A big Zane Grey Special
"THE MAN OF THE FOREST"

It is one of Zane Grey's latest stories. What more
can be said?

Fox Wednesday—Thursday Fox
Maurice Flynn, Former Yale Halfback in
"BUCKING THE LINE"

At the Pictorium.

Today and Saturday—Earle Williams
in "Bring Him In." Also a comedy.

Dr. Hood, the part played by Earle Williams, has one insuperable enemy, Canby, whom he has forbidden to enter his house. On the night of his arrival home after a long absence Hood dreams that he is having an altercation with his enemy which ends with a fist fight, in the midst of which Hood kills Canby with a pistol. Hood is awakened from his pleasant subconscious experience by a real pistol shot.

Hastening down stairs, he finds Canby lying dead in the library with a bullet in his heart. Hood leaves his home, feeling that he will be accused and thereafter the story deals with the Royal Northwest Mounted Police. One of these never-give-in riders sets off in pursuit of Hood, but in contrast to the dramatic intensity of this remorseless chase is the gay, romantic love story woven in and out of the darker background.

Monday and Tuesday—Wanda Hawley in "Her Sturdy Oak."

The plight of a dreamy poet who has to choose between an efficient business woman who had planned to take very good care of him, and a clinging vine who was as impractical and romantic as himself, forms the foundation upon which the plot of "Her Sturdy Oak" is built.

Miss Hawley is the clinging vine, Sylvia Ashton plays the efficient, money-making woman, and Walter Hiers is the dreamer who is loved by both and chooses, of course, the tender clinging vine. Everybody predicts dire ruin, and for a time things do go badly for the vine and her flabby support, but he develops unexpected stamina and the tide turns for them.

ENTERTAIN MANGUM TEAM WITH 12 AT TAYLOR HOME

A pleasant evening of 12 was provided Thanksgiving night by local high school students at the home of Miss Agnes and Roy Taylor in honor of the Mangum football team and rooters. Punch was served throughout the evening and the occasion was much enjoyed. Those present beside the host and hostess were:

Misses Hazel Vaughn, Hazel McElroy, Mary Myatt Shive, Allie Randall, Clara Will Lane, Clara Loutwyler, Doris Waller, Opal Williams, Ruth Stovall, Patsy Batchelor, Edith Whitley, Lenice Bonner, Christine Gregory, Marguerite Thomas, Mildred Hansard, Ida Maud Lutz, Maurine Scott, Ida Nabers, Ruby Seals, Lockie Dee Thompson of Quanah, Ola Ferguson, Winnie Wafer, Bessie Small, Loraine Brunson, Mary Hope Westbrook, Ruth Walker, Louise Weatherall, Helen Williams, and Messrs. Vivian Smith, Clarence Justin, Roy Smart, Jimmie Robinson, Walter McElroy, Wilburn Grammett, J. D. Morris, Jess Hollar, Jno. B. Waller, Ewing Stovall, Thornton Ferguson, Delphus Bourland, Hugh Bourland, Chester Robinson, Hub Robinson, Charlie Blackwood, George Colter, Walter Free, Joe Free, Frank Parr, Dennis Windle, Wallace Baird, Chauncey Estes, Coach J. A. Morrow of Vernon, and Emory of Mangum.

Miss Jennie Blackman, who is attending Southern Methodist University, is spending the week-end with her mother, Mrs. G. E. Blackman. Miss Allene Walker, also a student at S. M. U., accompanied Miss Blackman home. Miss Walker is a sister of Mrs. Knox Kinard of this city.

HERE AND THERE OVER OUR STATE

Ellis county is acknowledged this year as the greatest cotton producing county in Texas. The last ginners' reports shows that up to November 1 Ellis had ginned from the 1921 growth 75,546 bales as compared with 98,868 bales for the same period last year. Williamson county is second with 62,945 bales, and Hill county third with 55,091 bales.

An arrangement has been made by the manager of the McLennan County Farm Association whereby farmers of that county who desire to hold their cotton may secure loans at seven per cent. The money is to be obtained from the War Finance Corporation through the Agricultural and Live-stock Finance Corporation, recently organized in Fort Worth.

Two of the world's greatest military celebrities are to visit Houston during the first week in December. One is Marshal Ferdinand Foch of France, and the other General Armando Diaz, commander-in-chief of the Italian armies. General Diaz will spend December 1 there, and Marshal Foch will be present the evening of December 7.

The Texas Power and Light Company of Sherman has made good its promise of last July to lower domestic and mercantile lighting rates in Sherman.

A. M. Bourland returned Thursday from Kellar, his old home, where he visited a few days on his way back to Vernon from Austin where he went in the interest of the federal appropriation for the highway through Wilbarger county.

Ellis county is acknowledged this year as the greatest cotton producing county in Texas. The last ginners' reports shows that up to November 1 Ellis had ginned from the 1921 growth 75,546 bales as compared with 98,868 bales for the same period last year. Williamson county is second with 62,945 bales, and Hill county third with 55,091 bales.

W. B. Townsend, Finance Commissioner of Fort Worth and brother of J. V. Townsend of Vernon, was appointed Tuesday to succeed Police and Fire Commissioner John Alderman as a member of the managers of the City-County Hospital. Mr. Townsend was formerly county and district clerk of Wilbarger.

Contracts have been let in Groesbeck for eight more brick buildings, three of which will be two stories and all of which are leased. Two drug stores, another picture show, two office buildings, two cafes and a confectionery store and candy kitchen and two new dry goods concerns are to open immediately, or as soon as the buildings under construction or contract are completed.

During the fiscal year ending August 31 last the Comptroller of Texas registered bonds aggregating \$34,767,270 as against \$33,005,846 for the preceding year. During the year counties, cities and districts redeemed bonds in the aggregate of \$595,489 and the State Board of Education purchased for the school fund bonds totaling \$3,631,375.

Elks Entertain With Dance.

Elks will entertain this evening with a Phil Baxter dance at the club rooms.

Mrs. J. T. Williams went to Wichita Falls Wednesday to spend Thanksgiving with her daughters.

In Buying Shoes You Want the Kind That Give the Most Wear for Your Money. What Make of Shoes Will Do This? "Star Brand" the Answer

For a shoe to give satisfaction, it must have good appearance, fit well, hold its shape, wear well and be reasonably priced. Many shoes look well when you buy them, but if they contain substitutes for leather they do not hold their shape, neither do they wear as long as shoes made of solid leather. That's why we recommend Star Brand Shoes above all others. They are made of solid leather, hold their shape, wear well, and cost no more than shoes that contain substitutes for leather. Not only in this section of the State but all over the United States the demand for Star Brand Shoes is so great that every Star Brand factory is kept working capacity time. Star Brand factories make 80,000 pairs per day and are unable to supply the demand. **WE HAVE THE LARGEST STOCK OF STAR BRAND SHOES IN THIS SECTION OF THE STATE** CAN FIT YOUR FEET IN THE STYLES YOU LIKE BEST. We pay parcel post charges on mail orders.

FORD IN MARKET FOR WARSHIPS

Henry Ford has seconded the offer of Secretary Charles E. Hughes to reduce the world's naval strength. He has announced that when the vessels are scrapped he will be at the scrap pile and be ready to buy all the junk to turn into plowshares and automobiles. He goes further than Secretary Hughes, for he wants to buy all the navies of the world; he wants all the warships that have been constructed or are being constructed—the old and the new—and he declares he can raise the money with which to buy them—as junk.

Mr. Ford insists that if work be stopped on warships now being constructed it will deprive the large forces in ship building yards of work unless some other employment be found for them. This he offers to do by turning out more tractors and automobiles.

United States naval officials are ready to trade right now. There are seven obsolete battleships that are taking up space in navy yards, and Mr. Ford may have them if the price he offers be acceptable. However, since Mr. Ford is not looking especially for battleships except as he may advance the cause of peace, he may not wish to buy a few run-down ships unless he acquires also some of the most modern and up-to-date war vessels, either proposed or in service.

Mr. Ford is building automobiles and tractors; Mr. Ford is operating a railroad successfully. Mr. Ford may lease the Muscle Shoals property from the United States and manufacture nitrates from the air and electricity by hydraulic power for distribution over a large part of the country. He declares he can find better use for the "junk" in the battleships than can be found for it in war vessels. He believes the absence of all navies would be helpful in bringing about the peace of the world, and that a definite offer to buy them thus giving each nation a little ready cash to meet other obligations, would arouse the commercial spirit of those nations that may be a little short of funds so they will be more ready to accept Secretary Hughes' proposition. —Fort Worth Record.

DISPOSING OF COTTON STALKS.

There is much difference of opinion as to the best way to dispose of cotton stalks in order to destroy the maximum number of boll weevils. Many are advising the burning of stalks, claiming that in this process the hibernating weevils are destroyed and the land benefitted by the ashes which result from the fires.

The Georgia Experiment Station, however, has decided, after much observation, that the burning of cotton stalks is destructive of but few weevils and that it is far better to run the stalk chopper over the field and then plow them under. In the discussion of this subject the Georgia expert says:

"In taking the cotton stalks into piles many of the weevils, if not all, are shaken off. But few, if any, are found inside the stalks as they are either feeding on the sprouts coming

from the roots still in the ground, or hidden away in other places. Therefore, burning the stalks does not destroy as many weevils as many have been led to believe."

"The burning of the stalks is destructive of material which should go back into the soil. Plowing the stalks under will destroy as many weevils as burning and at the same time improve the soil. Deep plowing is recommended."—Farm and Ranch.

ARE WE GOOD SPORTS?

The "Vernon Spirit" is proverbial, nor has it been lowered one whit by the local high-school football team. It is unfortunate, however, that some of the team's supporters have once or twice forgotten the "Vernon Spirit."

For the most part, a fine spirit of sportsmanship was displayed during and after the Wichita game Saturday. A few youthful enthusiasts were so exuberant in their feelings and so disappointed that Vernon failed to score after making four heart-breaking line smashes inside of Wichita's one-yard line that they challenged any, or all, of the Wichita aggregation to a fight.

Nor did the fact that there were young ladies in one of the automobiles approached prevent the use of language which, to say the least, is indecent on any occasion. While the over-wordy youths did not represent the local team, they did bring discredit upon the entire community.

Undoubtedly such showing of poor sportsmanship was through thoughtlessness. If so, the boys will not again be guilty.

WHY NOT A COUNTY LIBRARY?

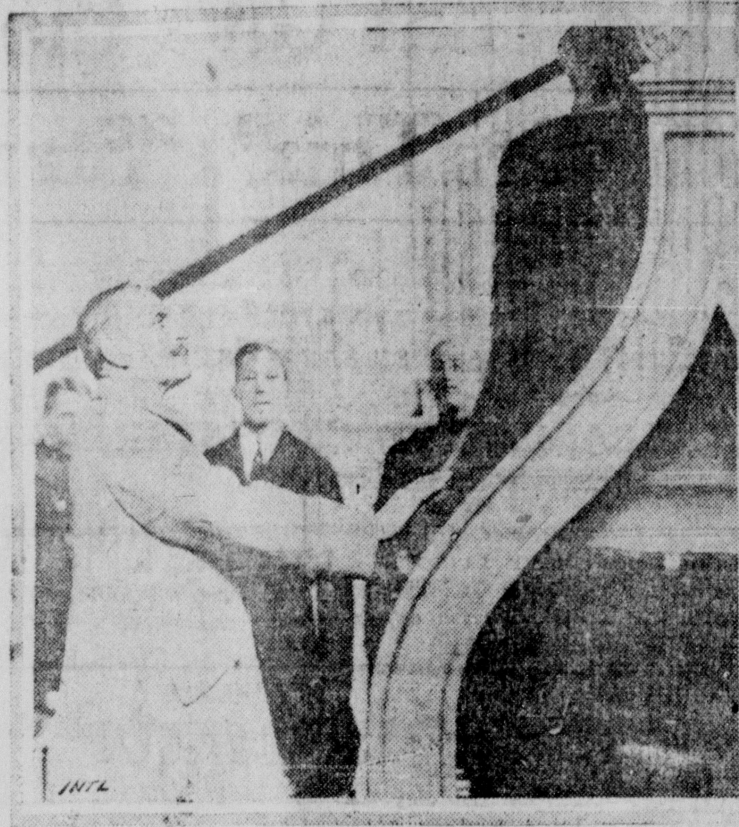

Vernon's public library has rendered admirable service to all of Wilbarger county, despite the fact that it is not, in reality, a "County Library." The institution is handicapped, however, by lack of funds. It is, therefore, unable to render service of most value to those who would, in all probability, make use of it.

Dallam, Cooke, Harris, Potter, and Tarrant counties maintain county libraries. Branch libraries are established in convenient places, and the demand for books has been "great and instantaneous," according to Miss Lillian Gunter, librarian of Cooke county.

Miss Gunter says that people come as far as twenty miles for a book. The first volumes to be issued under the new plan were Adam Smith's "Wealth of Nations" and "Emerson's Essays." If there is an isolated family that can not reach a branch, service is given by parcels post.

Four of the Cooke county branch libraries are in stores, two in banks, two in private homes, one in a physician's office, and one in the Woodmen's hall. One of the immediate needs of Wil-

FOCH RESTS HAND ON LIBERTY BELL

Ferdinand Foch, Marshal of France, the greatest and oldest Republic in the world outside of the United States, paid a visit to America's most historic city, Philadelphia, and, at Independence Hall, saw the famous old Liberty Bell, which proclaimed the independence of the United States of America one hundred and forty-six years ago.

barger county is to make of the local library a county institution and the establishment of branch libraries over the county.

HER SUFFERINGS WERE TERRIBLE

Muskogee Woman Says She Was In Wretched Health Before Taking Tan-lac—Feels Fine Now.

"Before I got Tanlac my health was so bad I could hardly hobble around my room; but now I'm in such fine condition that I take care of my housework without a bit of trouble," was the statement made by Mrs. T. J. Bequette, 305 South Second Street, Muskogee, Okla.

"About a year ago I had a severe attack of indigestion which I think effected my nervous system. Any how, my feet and limbs got in an awful fix. At first the nerves in my feet seemed to be dead, for they felt perfectly numb; and then my feet got to hurting so bad I could hardly stand it, and the pains ran up into my hips and back. The way I suffered was simply awful, and the indigestion caused a terrible pain in my stomach and side that kept me feeling miserable all the time. I could scarcely be up at all and had to spend most of my time in bed.

"A friend finally advised me to try Tanlac, and I'm so happy over the good health it has given me that I advise every sufferer I see to try it. Why, it helped me right from the start, and I haven't had a sick day since I finished my fourth bottle. I assist my husband every day mounding and trimming photographs, besides doing all my housework."

"BIG GUNS" WHO GUIDE THE DESTINY OF ARMS CONFERENCE

For the first time since the meeting of visiting foreigners to the Arms Conference, in Washington, the chiefs of the different delegations assembled to have their photographs taken. These men, who will speak for their nations during the sessions of the conference, all agreed that they would like to pose for a picture that will probably prove unique for one showing so many distinguished representatives of the great nations gathered together at one time. This group of men have at the present time more to say about shaping the destinies of Mother Earth than any other. Left to right: Jonkheer H. A. Van Karnebeek, Netherlands; Dr. Alfred Sze, of China; Arthur J. Balfour, Great Britain; Charles E. Hughes, United States; Premier Aristide Briand, France; Senator Carlo Schanzer, Italy; Baron de Marchienne, Belgium; Prince Iyesato Tokugawa, Japan.

Foster's Bulletin.

Washington, D. C., Nov. 25, 1921.—

The week centering on December 2 will be warmer and the storms more severe than usual, the precipitation greater than the average of November and December 1921. But don't forget I

told you, some time ago, November and December would bring less moisture than usual and that winter grain would be damaged by dry weather, and damage has already reached winter grain, the dry weather is here and we have only passed through one of the two dry months. I have many letters complaining that my newspaper bulle-

tins do not give all I know as far ahead as I could. You show me how I can live on it and I will publish, in the newspapers—which is the only way to reach the people—my complete crop-weather forecasts 3 years in advance. I absolutely know the causes of good and bad crop-weather, for large sections, 3 years in advance and I am

You will find distinguished designs and the richness of material is a conspicuous feature. The matter of values—whether it be in coats, suits or some other article of apparel, is self-evident to the woman who is fashion-wise and astute in her shopping.

very close to correcting the few mistakes I have made for small sections.

Top of the warm wave of this storm will be in Alaska November 29, western Canada 30, northwest America December 1, on meridian 90, covering it from middle provinces of Canada to Gulf of Mexico, December 2. The storms will be one day later and first part of cold wave two days later. It will be a severe cold wave and the bottom of it will reach meridian 90 near December 6. These storm features will

sweep eastward across the continent in about two days after reaching meridian 90. Study the above carefully and you will get its benefit.

The fruit crop of 1922 will be unusually important because of the great failure in 1921. For 1922 some late frosts are expected that should be provided against by preparing to make smoke fires between midnight and sunrise. These Bulletins will announce the cold waves that are expected to be followed by fruit killing frosts in Jan-

uary for southern sections, February for middle sections and March for northern. Those interested in fruit should study how to protect it from frost.

Bitten by an insect 27 years ago, a resident of Sullivan County, New York, still suffers from the effects of the bite. A little finger and a thumb were recently amputated.

SEED MEN INDORSE STERILIZATION

COTTON CONFERENCE AT AUSTIN WOULD FIGHT WEEVIL TO A FINISH

At a conference in Austin, Tuesday of cotton seed breeders and cotton seed dealers called by the Commissioner of Agriculture to discuss the pink bollworm situation, resolutions were adopted by those present endorsing the sterilization of seed as outlined by Dr. W. D. Hunter of the Federal Horticulture Board. Those in attendance also agreed to henceforth sell only such seed for planting purposes as has been sterilized and passed upon by proper authorities.

During the discussion a suggestion was made that the Governor be asked to call a special session of the Legislature to consider the enactment of a law to compel cotton gins to install seed sterilization plants, it being argued that such a system would prevent the spread of the pink bollworm by means of seed. No definite action was taken on the subject.

EAST VERNON TAKES OKLAHOMA SCALP

The fast East Vernon basketball team administered a 26 to 13 defeat Monday evening to a quintet representing Oklahoma in a game played on the latter's court. The Oklahoma lads were unable to break up the team work of the victors at any stage of the game.

The lineups were as follows:

East Vernon	Oklahoma
Baker	r.g. Lane
Bowman	i.g. Turpin
Bowman	c. Staleup
Sullivan	r.f. King
Tacker	l.f. Sherman

NEW FOUNTAIN OF YOUTH BY THIS CALIFORNIA MAN

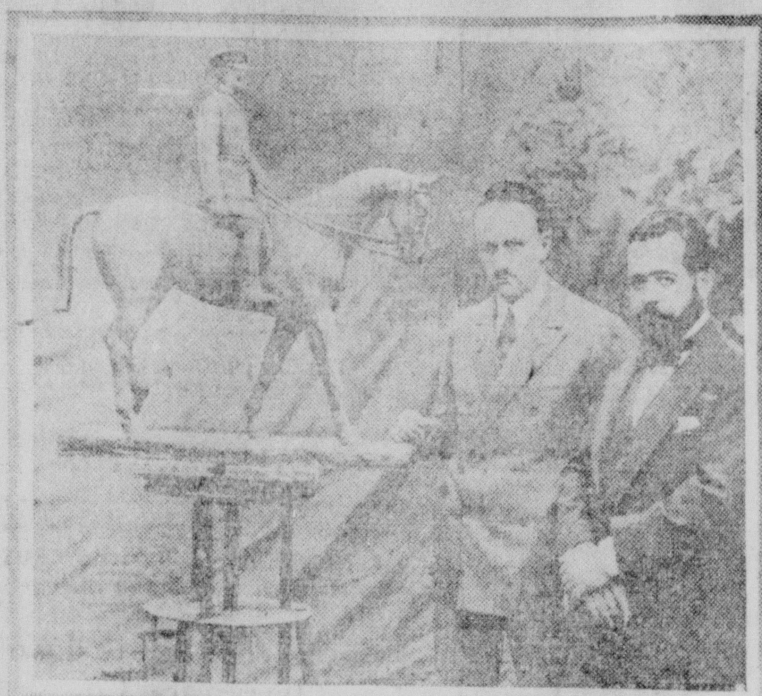

The secret of human vitality apparently has been discovered. Culminating five years of study, Philip Rathjen, M. A., Ph. D., of Pasadena, Calif., recently revealed for the first time an amazing discovery which he made. From the glands of selected bulls and cows, Dr. Rathjen has evolved a fluid which, he claims, will produce the following amazing results when injected into the human body:

Restoration of "pep" to worn-out human bodies, giving added weight, clearer eyes, brighter minds, quicker bodies, and generally increased vitality.

The new serum, which according to all reports, has produced remarkable success in many cases, is injected by a special method prescribed by Dr. Rathjen. No longer need there be transplantation of animal glands via the surgeon's table.

AMERICAN SCULPTORS COMPLETE STATUE OF PERSHING

Left to right: Herbert Haseltine and Jo Davidson, American sculptors, in Mr. Haseltine's studio in Paris, with a model of a bronze statuette of General Pershing which will be presented to West Point as a gift of members of the Commanders-in-Chief of the A. E. F. Both sculptors worked on the statuette, which shows General Pershing erect on a spirited charger marching forward. Mr. Haseltine originally intended to have the horse in a rearing position, but later changed his attitude out of respect for Pershing's motto, "Ever Forward." General Pershing during his recent visit to Paris, visited Mr. Haseltine's studio to view the work of the artists. He was immensely pleased with it.

Old Fashioned Dinner At Club.

More than fifty members of Hill Crest enjoyed an old fashioned Thanksgiving dinner yesterday at the club. The beautiful meat was served the guests as they sat together at two tables. Afterwards there was dancing.

Hill Crest Members Play 42.

Forty guests are expected at Hill Crest Country Club tonight at play 42. Hostesses will be Miss Louise Collins, Mrs. J. A. Dixon, Mrs. J. S. Cook, and Mrs. S. W. Bailey. Pie and coffee will be served cafeteria style.

Arthur Gilliland, Mr. and Mrs. M. E. Gilliland and sons, Gerald and Fred, all of Electra, spent Thanksgiving with John Brown and family.

Many new Oxfords and strap pumps the last word in shoe making. Sizes 3 to 9—widths AAA to D—McKibbin. It Adv.

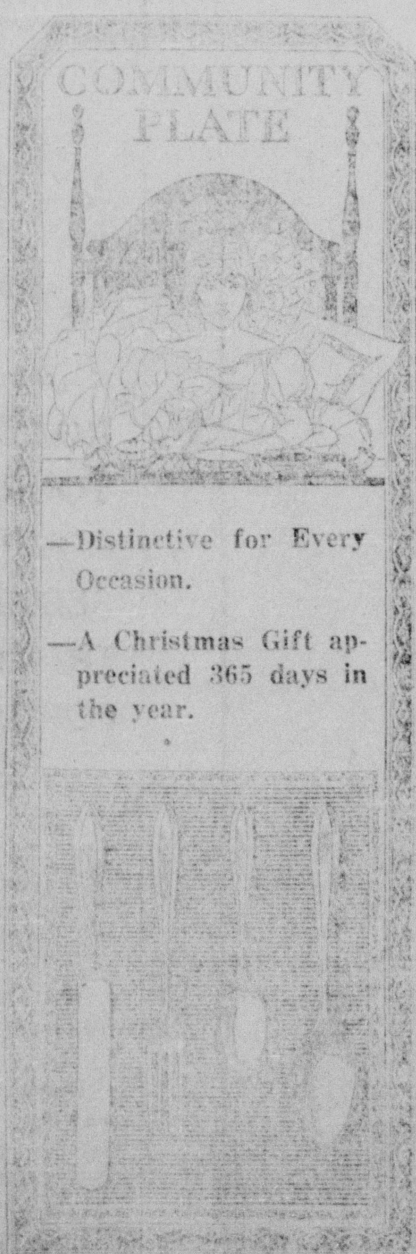

THANKSGIVING SPECIAL BULLETIN

For Thanksgiving, you are going to be harder to please than usual. You will want the very choicest of everything that goes on the table for this day of feast.

Not overlooking the fact we have provided for your needs the very choicest Phascel Celery, Tomatoes especially selected, California Head Lettuce, the best to be had anywhere, solid head; extra choice Cranberries—everything that goes to make up your Thanksgiving feast. In fact, there will be no display in town to out-shine us.

Scandal mongers, public parasites, excitement cravers and curiously seekers of Huntington, West Virginia, have been barred from police court hearings in that city. Only principals, police court attaches' witnesses and newspapermen will be admitted during trials. Police will guard the entrance of the court room.

ONLY WOMAN ELECTED TO OFFICE IN NEW YORK

Miss Anne Matthews, Register-elect, was the only woman in New York City to be elected for an office. Miss Matthews was born on election day, which was a forecast of the success she was to achieve in political life. Her office pays a salary of \$12,000 a year.

Record classified ads bring results.

Be Steady--but!

It's alright to be steady, but if you are too steady you'll be standing still. It pays to circulate a little—you have to keep a-moving.

Also it is a pretty good plan to keep your money moving—keep it in circulation. If a merchant buys a lot of goods and just puts them on the shelf and leaves them there he won't make much. It's the goods that move that bring the profits. Your money is the same way. Make it move. Keep it turning. Put it in the bank where it can earn you something and keep it turning.

TEXAS DONATES COTTON FOR PORK

FIGURES SHOW IMMENSE QUANTITIES OF FOOD BOUGHT OUTSIDE STATE

Dallas, November 22.—Last year Texas produced a four million bale crop of cotton and promptly donated the proceeds from at least 2,500,000 bales for agricultural food products which could have been grown in this state, according to statistics of the Texas Chamber of Commerce. These figures have been collected through a careful survey of the amount of dairy, meat and other food products which are shipped into Texas annually. The statistics upon which these startling figures are based were gathered from the United States department of agriculture, the Texas A. & M. College specialists, the packing houses and the produce concerns and wholesale houses handling such products.

Residents of Texas consume annually 502,000,000 pounds of pork products, according to figures from the United States departments of labor and agriculture. Figures furnished to the Texas Chamber of Commerce by the American Institute of Meat Packers, and the various agricultural agencies place the amount of pork produced by Texas annually at not more than 275,000,000 pounds at the outside, leaving a balance of 227,000,000 pounds against this state.

Donate Cotton For Pork.

Figuring as carefully as possible this amount of 227,000,000 pounds of pork products cost Texans \$71,700,000. If this is divided by the average amount received by the farmer, including seed for the 1920 crop, the result is 935,600, meaning that Texas donated that many bales of its cotton crop for pork products which could have been produced in the state.

Figures from the same source show that Texans consume \$2,000,000 pounds of butter annually, while the production is only 62,000,000 pounds annually. In other words, the great cattle raising of Texas is 24,000,000 pounds of butter short annually. Besides there are millions of pounds of condensed milk, milk powders, cheese and other dairy products shipped into this state each year totaling upwards of \$20,000,000 in value. The most conservative estimate will place the balance of trade against Texas in dairy products alone at \$30,000,000 which represents the total amount received for the fat and seed of 100,000 bales of last year's crop of cotton.

Does Not Feed Population.

Figures upon canned goods, fruits and vegetables are not as easily available as statistics upon meats and dairy products. Texas does her part in the production of some vegetables such as onions, spinach, watermelons, tomatoes and a few other varieties of truck but in most cases, Texas falls far short of feeding her own population of 4,600,000 residents despite her 25,000,000 acres of cultivated land. A glance at the shelves of any corner grocery will show that Texas is anything but a "Live-at-Home" state. A very conservative estimate of money spent in Texas for food products produced in other states will raise the total to \$187,000,000, or the amount equivalent to the receipts from the sale of 2,500,000 bales of cotton.

Thus Texas is essentially a one-crop state, despite her claim to being the greatest agricultural state in the union, and despite her claim of having the most varied climate and soil conditions. Texas has an enormous potential advantage as an agricultural state in that the diversion of a comparatively small percentage of her cotton acreage to the production of pork and truck would put the state in the fore front as a producer of these various farm products. An acre of tomatoes is worth as much as an acre of cotton, an acre of peaches, or an acre of potatoes or squash. Aside from the problems of truck marketing and commercial growing of these crops, if each of Texas' 400,000 farms would devote an acre of ground to vegetables and raise at least eight hogs annually, the state would be able to devote the money from at least 1,500,000 additional bales of the average crop to farm improvement instead of spending it for food.

AMERICA'S LATEST AERIAL WAR WEAPON AS DESTRUCTIVE AND NOVEL AS TANKS

An armored military airplane, designed for attacking infantry either entrenched or in the open, and for this task, equipped with thirty machine guns capable of firing 3,000 shots in four seconds, is America's latest weapon of destruction. The plane, invented by J. M. Larsen, recently flew from Hicksville, L. I., to Washington, D. C., where it was inspected by chief aero officers of the army and navy. Its speed, more than 140 miles per hour, and its mobility, which has been compared with that of an attack single-seater, make it an almost impossible target for the ground. For defense, two of its thirty machine guns are mounted on each side of the pilot's seat, ready to greet an attacking plane. It is known as the "JL-12 Attack Plane," and is a type in advance of the latest foreign all-metal planes. The plane is a monoplane, with a 40-ft. wing spread, and is 32 feet long. It has a 400 horse-power Liberty motor capable of 140 miles an hour. All vital parts are protected with armor 3-16 of an inch thick. The guns are so distributed that they can be fired from any direction. The illustration shows the plane. In the center, left to right, J. M. Larsen of Chicago, and Brigadier General Mitchell, observing the details of the plane. Below, J. M. Larsen and Major General Mason Patrick, new Chief of the Army Air Service, inspecting the "flying tank."

ACID STOMACH IS DANGEROUS LEADS TO FATAL ILLMENTS

Most cases of chronic indigestion, constipation, kidney trouble and rheumatism can be traced directly to Acid Stomach. Acid Stomach is not only unhealthy and disagreeable—it is positively dangerous!

Many who have been troubled with Acid Stomach all their lives have found permanent relief in Ferrasol—the nationally successful acid neutralizer. Ferrasol goes right to the heart of the trouble—it neutralizes the slightest harm or evil after-effect such as is caused by salts, pills, purgatives and calomel.

Your druggist will immediately return the money you pay for your first box of Ferrasol if it does not bring you gratifying results. Buy a box today from your druggist.

THANKSGIVING DAY CONTEST WON BY VERNON 51 TO 7

and Bramblett pounced upon it for a touchback. Vernon kicked to the center of the field and the whistle blew announcing the end of the first half. Score: Vernon 14—Mangum 7.

Third Quarter.

Vernon kicked off. After two plays Small intercepted a pass which he juggled about, Parr finally catching the ball before it struck the ground and making 20 yards around Mangum's left end. Vernon hit the line hard and Mangum in addition suffered a 5 yard penalty for offside play. Small scored a touchdown on a fake line play. Bramblett missed goal. Score: Vernon 20—Mangum 7.

Vernon kicked off. Small intercepted another Mangum pass. Vernon was unable to gain, and Small punted 15 yards. Nelson returned the kick 40 yards, and Bramblett made a 15 yard return. Morrow's warriors reacted to a series of line plunges that finally sent Parr over for a touchdown. Bramblett missed goal. Score: Vernon 26—Mangum 7.

Parr kicked off to Nelson who immediately punted the ball to the Vernon safety. It was Vernon's ball on its own 40-yard line. Bramblett made 20 yards around Mangum's right end but Vernon finally lost the ball on downs. Mangum fumbled and Vernon recovered on the visitors' 10-yard line. Small went over the goal line but dropped the oval. Mangum recovering for a touchback. Score: Vernon 28—Mangum 7.

Fourth Quarter.

On a snared play Mangum gained 5 yards on a pass. Mangum utilized 10 yards for rough play. Mangum punted and Vernon, after passing the ball to within the shadow of the goal posts, lost 13 on downs. P. Doolan, captain of Mangum, made 40 yards around Vernon's right end. Nelson went through the line for 20 yards. Three Vernon players simultaneously intercepted a Mangum pass which Coltzer finally garnered, and becoming confused, attempted to run in the wrong direction. Discovering his mistake, he headed about but was tackled.

Bramblett passed 20 yards to Hollar who ran the remaining distance to the goal line for a touchdown. Bramblett kicked goal. Score: Vernon 32—Mangum 7.

Parr kicked off, and Mangum attempted a line attack. Parr intercepted a pass and ran 50 yards for a touchdown. Bramblett kicked goal. Score: Vernon 40—Mangum 7.

Parr kicked off, and Mangum fumbled. Vernon recovering on the 45-yard line. Bramblett went over for a touchdown on a fake quarterback play. Bramblett kicked goal. Score: Vernon 47—Mangum 7.

Parr kicked off. Mangum worked the ball 20 yards to the center of the field, but was called back on a technicality. Nelson's kick was blocked and Vernon recovered over the goal line. Score: Vernon 54—Mangum 7.

Parr kicked off and Mangum tried hitting the line. Small intercepted a pass, but was forced to punt. Mangum returning 20 yards. Vernon was offside and it was Mangum's ball on the 45-yard line. Mangum completed a short pass and Vernon was again offside, giving Mangum the pigskin on Vernon's 20-yard line. The final whistle blew. Score: Vernon 54—Mangum 7.

Any Girl Can Make This Simple and Smart Winter Coat At a Low Cost

Marion Davies Has Designed and Made One.

By MARION DAVIES,
Screen Star of "The Restless Sex," "Buried Treasure," "Enchantment," etc.

The smart, straight lines are so good in coats this year that I designed this one for street and afternoon wear from an idea of my own that I have long wanted to carry out. Roomy and comfortable, it is at the same time attractive and original. It is a coat that will wear well and last for several seasons, a point which is very important these days.

It can be trimmed in real fur (and nearly every girl has some fur from an outworn coat or wrap) or it can be finished off with the new fur fabric which is so popular and so effective now. As to the color—that is always a matter of personal taste and becomingness. I made mine in plum and bought a narrow leather belt of a light tan shade.

The pattern I have drawn is explicit and easy to follow and even the most inexpert with scissors and needle ought to have very little difficulty.

The front is cut on the lengthwise fold of the double material. The back is cut in the same manner. The line marked with the letter P indicates where the pocket should be placed. The cape is cut on the fold of the material. Goods required is 4 1/4 yards of 56 inch material.

If there are any questions that arise in the making of this coat I shall be glad to supply any information or advice. Address me at Cosmopolitan Productions, 127th Street, New York City.

Victory: Vernon—Farrell for D. Bonland, Robinson for Thompson, D. Bonland for Farrell, Farrell for McCombs, H. Robinson for Justin, Caddell for Farrell, C. Reed for B. Reed.

Officials: Culbertson—referee; Winston—umpire; Berry—head linesman.

Hill Crest Dance Well Attended.

One hundred and fifty persons were in attendance last night at the dance given at Hill Crest Country Club for members. Sandwiches and punch were served cafeteria style during the evening. Music was furnished by a Lawton Orchestra.

Stock Pasturing On Alfalfa.

Do not pasture stock on alfalfa fields where the rains have softened the ground badly, advises the United States Department of Agriculture. To do so will render the alfalfa plants liable to be torn out by the roots or damaged very severely. Another mistake is to pasture more stock than the alfalfa will care for, resulting in close cropping and injury to the crown. It is best to limit the stock on alfalfa pasture to such an extent that the plants will grow a little faster than they are eaten.

If you want the latest styles from the eastern style counters you will get them at The Record classification being ready for your footwear from McKibbin.

Grocery Stores Robbed.

Thieves Sunday night entered the grocery stores of J. C. Smith and E. E. Eggeston but pilfered only a small amount of loot. It is thought that both establishments were entered through the front doors. No clue is had concerning the identity of the marauders.

Burning Trash Pile Causes Alarm.

A burning trash pile in the back yard of Wylie Bennett's place on West Paradise street Wednesday called the fire department to the scene. Only minor damage was done.

Don't Give The Boll Weevil Too Much Credit—Exterminate the Weevil—Get Rid of Cotton Stalks and Rubbish.

The cotton acreage in general declined nearly 30 per cent this year.

This was a businesslike adjustment of supply to demand and had much to do with the 20-cent cotton. The farmer who planted his extra acres to feed crops and grew hogs and poultry, does not now have to use all his cotton money for bare necessities. He has something left for other things.

Diversification means greater independence and prosperity for the farmer and for Wilbarger County.

This Bank stands squarely behind the agricultural development of Wilbarger County.

DODGE BROTHERS MOTOR CAR OWNERS

Mr. Ernest W. Hampton has taken active charge of our "SERVICE DEPARTMENT" and all Dodge Brothers Motor Cars brought to us for any service will receive his personal attention.

Mr. Hampton has had more than fifteen years' experience, five years of which have been exclusively devoted to Dodge Brothers Motor Cars, which enables him to locate almost instantly any trouble that might be had with a motor car, much quicker than one could do not having the experience and practical knowledge.

All of our customers will receive courteous, efficient and prompt service. Your car deserves efficient service at the proper time and it will reduce your transportation expense.

We will appreciate your gasoline, oil and accessory business, and we will be glad to serve you with free air and water. Call on us for anything in our line. It will be a pleasure to serve you.

How about radiator covers, alcohol (DENATURED for YOUR CAR RADIATOR), and a very high grade of "AMALIE" 100 per cent Pennsylvania Lubricating Oil. We handle the highest quality of tires. The new prices will agreeably surprise you and we will see that you receive a satisfactory mileage.

J. A. McFALL

Phone 461 330 N. Main St.

Let your next car be a Dodge Brothers Car. It will save you money and will thoroughly satisfy.

THE VERNON RECORD

Semi-Weekly—Tuesdays and Fridays

VOLUME 13.

VERNON, WILBARGER COUNTY, TEXAS, FRIDAY, NOV. 25, 1921.

NUMBER 91.

BUSINESS DISTRICT GIVES \$667.92 IN FIRST DAY'S DRIVE

Welfare Association Merely
Scrapes Surface In Initial
Quest For Charity Funds—
Project Will Continue Until
Quota of \$8,500 Is Raised—
Church Collection Liberal

Wilbarger County Welfare Association's drive toward a quota of \$8,500 netted the organization \$667.92 the first day of the canvass, but this amount is considered just a skimming of what may be expected shortly. Workers confined their efforts mainly to the morning of Wednesday, and several business districts were left untouched for want of canvassers. A partial solicitation for funds is being carried on today.

No canvass of the residence district was made in the first day, but this will be carried out in the near future. The remainder of the county, as well, will be thoroughly covered ere the drive is completed.

Will Press Drive.

According to Dr. E. L. Moore, president of the Association, the request for funds will be continued until the full quota is reached. Another week, in his estimation, should bring in a large amount of the deficit remaining.

Dr. Moore stressed the fact that citizens must "give until it hurts." The very fact that times have not been so prosperous, he said, is all the more indication why there will be an immense amount of suffering during the coming winter. Those who are so fortunate as to possess something of worldly goods should deem it their place to help provide for those who will have nothing during the coming winter, he remarked.

Must Support Plan.

According to the treasurer of the Association, it will be necessary for the citizens to finance this plan or contrive some other means of looking after the county's poor. This enterprise has been deemed the most efficient that could be worked out and if it fails it will be necessary to go back to the old system of each charitable organization making a separate drive for funds.

He remarked that anyone who has not been called upon can send donations to Jed Morrow at the Chamber of Commerce.

A special collection taken up yesterday at the combined services held at the Methodist church netted \$32.17. The congregation responded liberally to the appeal for aid, and this sum was considered exceptional in view of the number of those present.

Those Who Subscribed.

A partial list of those who subscribed Wednesday is published below, and additional names will be printed in following issues of The Record:

THANKSGIVING DAY OF OLD FASHIONED VARIETY HERE

Norther Strikes City In Early
Hours of Morning and Sets
Populace to Shivering—Bus-
inesses Close for Occasion—
Fans Attend Football Game In
Afternoon.

Vernon awoke Thanksgiving morning with a composite shiver. During the preceding night a norther visited its full force upon the city and there was a general groping about in the dark for extra quilts and comforts at the foot of the bed. It was a surprise—this sudden blast of chilling air—and there was a concerted br-r-r.

Little activity was manifested in the business section during the day. Citizens for the most part elected to sit comfortably ensconced at home by warm base burners where the delicious aroma of the plump turkey baking in the kitchen was wafted anon during the morning to whet appetites nearly to the "impossible" point.

Old Fashioned Day.

Father shuffled about the house in his slippers, mother, of course, presided over the preparations in the kitchen, Susie alternately loaned her aid in peeling potatoes and finishing her embroidery work, and Johnny played the Victrola and read an intensely interesting detective story. It was simply a good, old-fashioned Thanksgiving.

In the afternoon there was a football game, without which no Turkey Day could be complete, and fandom attended en masse. There was an hour of shrieks of delight and moans of despair ere the whistle announced the final play of the contest.

County Truly Thankful.

All in all, it was a gratifying occasion. Vernon as well as its Wilbarger county, calmly took stock of its blessings, its industries, its agricultural resources and yields, and assured itself that it was truly thankful.

NOT SO MUCH FOR FARM LOANS.

Congressman In Interview Confused
Allotment For
Texas.

An article contained in recent State papers announced that \$15,000,000 would be loaned the Texas Farm Loan Bank by the national government. Inquiry by W. N. Stokes, local secretary, concerning the unexpected appropriation revealed that the account was in error, and that \$15,000,000 represents the sum apportioned to Texas from last May until next.

According to word received here, nearly half this amount has been paid out, and applications have been received and approved for the remainder. It is reported from Houston that applications during the first seven months of the year totaled \$25,000,000.

Of this amount Wilbarger's loan association has received a goodly share. Mr. Stokes recently succeeded in receiving \$130,000 from the State bank although his quota was not more than \$40,000.

Scott, Eric Q. Schröder, L. F. Bell, Farmers Gin, Terhune & Orr, C. M. Ladd, J. M. Underwood, Vernon Storage Battery Company, W. A. Ish, Miss Ruth Westbrook, Miss Ina Westbrook, Miss A. C. Kearns, P. H. Robinson.

MUSIC HATH CHARMS TO SOOTHE THE SAVAGE BREAST

This quartet of minors doesn't know whether they are singing in a major or a minor key, but if you think they haven't volume of tone, you ought to hear them. Study their "physiognomies": they look as if they could make a little noise, don't they. They were the youngest participants recently entered during Music Week, held in San Francisco, Calif.

DONATE TOWARD DOMESTIC COURSE

HIGH SCHOOL PARENTS AND
TEACHERS FURNISH
NEAT SUM.

Approximately \$250, a sum raised by the High School Parents-Teachers Association about six years ago, has been donated by the organization toward the establishment of a domestic arts department in the local high school. Appreciation of this donation was expressed at the meeting of the Association last Friday in a letter from E. L. Dohoney, city superintendent of the schools. The money has been in a local bank since the time it was raised. Mrs. C. J. Farrell was president of the body at that time.

At the meeting last Friday, Mrs. W. N. Stokes was unanimously chosen president of the High School Parents-Teachers Association. She fills the place left vacant by Mrs. H. D. Hocker-smith who was elected earlier but declined to serve. Other officers of the Association are Miss Anna Joe Pendleton, treasurer, and Mrs. Emmett Piper, treasurer. Dues of the organization are fifty cents a year.

Mrs. E. L. Keltz talked Friday on "How To Secure the Best Results in Class Recitations." E. L. Dohoney spoke on the need for a new high school building. Mrs. J. E. Lutz led a round table discussion on the social life of high school boys and girls.

Box Supper At Haulk Hill.

There will be a box supper at the Haulk Hill schoolhouse the night of Friday, December 2, the proceeds of which will go to the Red Cross and the school. Everyone is invited to attend and to bring a box.

THINK \$65,000 PAYS FOR PLANT

BOND ISSUE MAY MORE THAN
COVER NEW CITY
ENTERPRISE

According to Mayor Harry Mason, figures presented by a Dallas firm on the proposition of constructing a new electric light plant in Vernon indicate that the cost would be \$65,000. It is proposed issuing bonds to the extent of \$100,000 to allow ample leeway in the event that the cost is in excess of the estimate made.

Mr. Mason believes that a new light plant may cost five or even ten thousand dollars more than is conjectured by the Dallas concern. In the event the bond issues carries, he said, it is possible that an ice plant will also be constructed. Mr. Mason indicated that this would be left largely to an expression of the public will. According to estimates made by city officials, a municipal plant could furnish ice at a charge considerably less than that now being paid locally.

No definite plans, however, have as yet been made concerning a new ice plant.

An article in The Record of November 22 was in error when it stated that an election had been ordered for the construction of a municipal water and ice plant. This should have been designated as a light plant.

Lundy's Shotgun Stolen.

A shotgun belonging to Wheeler Lundy was stolen Tuesday night from his car in the garage on his premises. Deputy Sheriff Frank O'Neal arrested a negro known as James Wednesday morning, and he is being held in the county jail. Mr. Lundy lives on North Polar street.

SAYS WEEVIL MUST BE FOUGHT NOW

LOCAL BANKER SEES NO OCCA-
SION FOR DELAYING
DRIVE ON PEST

"We cannot afford to fool with this boll weevil proposition," is the sentiment expressed by L. K. Johnson, local banker, in discussing the menace threatening Wilbarger county. Mr. Johnson is well versed in farming and owns considerable land in this vicinity. The banker expressed the belief that the situation is fully as bad locally as has been reported, and that it is incumbent upon everyone in the county to "get busy." He pointed out that the depredations of the weevil in other sections are sufficient evidence of what the pest can do when it secures a foothold.

Must Fight Now.

"We cannot afford to wait," Mr. Johnson remarked, "because the boll weevil is undoubtedly here. Cotton is our big money crop and every danger that assaults it must be fought down. I believe we can overcome this weevil proposition with a concerted cleanup movement."

"I see that plowing the land is advocated as a good measure to fight the pest. Such activity is good for the soil anyway, especially black land, and I think the farmers should be quick to carry out this course."

"The outcome of this fight means everything to us all and it will require the co-operation of everyone. One or two men cannot swing the enterprise, we all will have to help."

Crowell Business Men Here.

Mark Henry, president of the Crowell Chamber of Commerce, and Jim Bell, banker of that city, were in Vernon Wednesday.

STATE ROAD MONEY GIVEN BECAUSE OF FOUR TO ONE VOTE

Commissioner A. M. Bourland
Says Showing Made In Vote
for \$600,000 Issue Resulted In
Liberal Appropriation for
Wilbarger County Highway at
Austin—Much Credit Is Due
Judge McHugh.

The appropriation of \$203,000 made by the State Highway Commission for Highway number 5 through Wilbarger county can be attributed in the main, according to A. M. Bourland, commissioner, to the showing made here in a recent bond election when \$600,000 of county money was voted for improving the roads. Mr. Bourland was one of the delegation from here who met with the Commission in Austin early in the week.

"It was a realization on the part of the Highway Commission," said Mr. Bourland this morning, "that Wilbarger county wanted good roads and was willing to go the limit to obtain them. Members of the body clearly appreciated the fact that the 4 to 1 vote here indicated clearly the extent to which public sentiment supported the project. Based On Highway 5."

The allotment to Wilbarger was made solely on the basis of Highway number 5. The Colorado-to-Gulf line of travel played no part in the appropriation that was made and was not even considered. Highway number 5 is a road through the State from Texarkana to Texline."

E. L. McHugh, county judge, is entitled to a great share of the credit for the success of the delegation from here, according to Mr. Bourland. The manner in which the petition was presented to the State Highway Commission played a great part in inducing the appropriation made.

CHURCHES COMBINE SERVICES.

Congregations of City Unite In Rendering Thanks at Methodist Church.

A well filled auditorium attended the Thanksgiving services conducted yesterday morning by the congregations of the city at the Methodist church. Dr. E. L. Moore, minister of the Presbyterian church presided over the devotion, and was assisted by other pastors of Vernon.

Doctor Moore preached the Thanksgiving sermon, and prayer was led by Rev. W. T. Rouse and W. P. Garvin. Gus Ramage read the Thanksgiving proclamation of President Harding. Benediction was pronounced by Rev. Johnson.

A special collection for charity was taken up at the services and netted \$32.17.

SPECIAL DISTRICT COURT TO ADJOURN TOMORROW

Adjournment for the special term of district court now in session will probably take place tomorrow, according to Robert Cole of Crowell, serving as judge. The term has been in session two weeks but the docket has been light.

A divorce was granted this morning in the case of Charles Blanchard vs. Ruth Blanchard.

BOX SUPPER AT ODELL NETS LARGE PROCEEDS

A box supper was held at the Odell high school auditorium last Friday night, November 18, and netted proceeds of \$265.61. This amount was expended in purchasing a piano and lights for the school. The auditorium was filled to capacity.

Departments of music and expression will be added to the Odell school as soon as teachers for this work can be obtained.

Entertains Members of Club.

Miss Geraldine Parker entertained informally members of her card club Thanksgiving afternoon at her home on West Wilbarger street. Refreshments were served, and high score was won by Miss Johnny Mallow. Guests attended from 3 until 6 o'clock.

Fire Thanksgiving Night.

A fire shortly after 8 o'clock last night did small damage at the Friese home at 626 South Lexington street. The blaze is thought to have originated from an oil stove, and was confined to the walls.

THANKSGIVING DAY CONTEST WON BY VERNON 54 TO 7

Locals Score Touchdown Ere
First Minute of Play Has
Passed—Mangum Returns
Strong In Second Quarter and
Crosses Line On Local Field
For First Time This Season.

In a more or less hectic game which at first appeared as though Vernon might have to extend itself to the limit to defeat the team from Mangum, Okla., the locals sent the visitors home on the losing end of a 54 to 7 score. Only after the beginning of the second half was it a question of how high Coach Morrow's men would run the count against the aggressive Oklahomans, for during the second quarter a hard plunging, hefty fullback named Nelson caused a considerable amount of unpleasantry for the home team.

Nelson, in fact, was the outstanding star of the game, and was at least half the fighting strength of his aggregation. Equally adept at throwing and catching passes, he rushed the line harder than any player seen here this season, and it usually required the combined efforts of three Vernon men to lay him low. It was he who scored the touchdown in the second period after a series of forward passes played the pigskin on the 8-yard line. For the first time this season local fans witnessed the home team line up under its own goal posts.

Started With Thrill.

The Thanksgiving game started with a thrill. Small caught the kickoff on his own 19-yard line and therewith raced 88 yards around the entire Mangum team while the rooters went into a frenzy. On the next play Parr went over a touchdown, and Bramblett kicked goal, making the score 7 to 0 in favor of the locals with play in progress not more than 35 seconds.

As far as form was concerned, Vernon exhibited a decided reaction from the Wichita Falls contest last Saturday. The locals tackled high, ran poor interference, and against a team of better calibre might have suffered inglorious defeat. The only bright spots in the play were individual feats, mostly on the part of the backfield, which drew the applause of the spectators. One of these was a nifty catch of a forward pass by Hollar in the second half of the game and a resultant touchdown.

Parr's Work Good.

Parr apparently played his best game of the season at fullback. The husky plunger ripped the Mangum line repeatedly and once, intercepted a hard, low forward pass raced 50 yards to a touchdown. His defensive work was also good. Hollar, Small, and Bramblett performed with considerable credit, as well, and all during the course of the game executed plays that won them the cheers of the sidelines. In the line, B. Reed at guard showed the most class. Reed consistently stopped the hard plunging Nelson and broke up many other plays. The remainder of the line performed more or less spasmodically. Morris showed to advantage several times as did Farrell.

First Quarter.

Mangum kicked off at 3:30 and Small returned 88 yards. Parr scored a touchdown and Bramblett kicked goal. Score: Vernon 7—Mangum 0. Parr kicked off over the goal line for a touchback. Mangum made 5 yards through the line and was penalized 15 yards for holding. Mangum punted 25 yards. Vernon commenced a series of line rushes and end runs that shortly netted the locals a second touchdown. Bramblett kicked goal. Score: Vernon 14—Mangum 0.

Second Quarter.

Mangum opened up an aerial attack that carried the ball to Vernon's 8-yard line. Nelson went over for a touchdown and kicked goal. Score: Vernon 14—Mangum 7. Mangum kicked off over the goal line for a touchback. A Vernon pass was intercepted and a moment later Mangum completed a pass for 15 yards. On the next play, Small, leaping high in the air, speared another pass from Oklahomans, Vernon losing shortly, however, on a slight act by Mangum.

Nelson then passed 30 yards hardst who carried the ball down the field, Bramblett, as he was about to cross the line, The Mangum player

Friday—Saturday
"THE MAN TRACKERS"

An all-star cast—Universal
A picture that makes your heart beat so fast you
can't keep up with it on an adding machine.
Also a Sunshine Comedy—
"The Book Agent"

Monday—Tuesday
A big Zane Grey Special
"THE MAN OF THE FOREST"

It is one of Zane Grey's latest stories. What more
can be said?
Fox Wednesday—Thursday Fox
Maurice Flynn, Former Yale Halfback in
"BUCKING THE LINE"

At the Pictorium.

Today and Saturday—Earle Williams
in "Bring Him In." Also a comedy.

Dr. Hood, the part played by Earle Williams, has one misanthropic enemy, Canby, whom he has forbidden to enter his house. On the night of his arrival home after a long absence Hood dreams that he is having an altercation with his enemy which ends with a fist fight, in the midst of which Hood kills Canby with a pistol. Hood is awakened from his pleasant subconscious experience by a real pistol shot.

Hastening down stairs, he finds Canby lying dead in the library with a bullet in his heart. Hood leaves his home, feeling that he will be accused and thereafter the story deals with the Royal Northwest Mounted Police. One of these never-give-in riders sets off in pursuit of Hood, but in contrast to the dramatic intensity of this remorseless chase is the gay, romantic love story woven in and out of the darker background.

Monday and Tuesday—Wanda Hawley in "Her Sturdy Oak."

The plight of a dreamy poet who has to choose between an efficient business woman who had planned to take very good care of him, and a clinging vine who was as impractical and romantic as himself, forms the foundation upon which the plot of "Her Sturdy Oak" is built.

Miss Hawley is the clinging vine, Sylvia Ashton plays the efficient, money-making woman, and Walter Hiers is the dreamer who is loved by both and chooses, of course, the tender clinging vine. Everybody predicts dire ruin, and for a time things do go badly for the vine and her flabby support, but he develops unexpected stamina and the tide turns for them.

ENTERTAIN MANGUM TEAM WITH 12 AT TAYLOR HOME

A pleasant evening of 12 was provided Thanksgiving night by local high school students at the home of Miss Agnes and Roy Taylor in honor of the Mangum football team and rooters. Punch was served throughout the evening and the occasion was much enjoyed. Those present beside the host and hostess were:

Misses Hazel Vaughn, Hazel McElroy, Mary Myatt Shive, Allie Randall, Clara Will Lane, Clara Leutyler, Doris Waller, Opal Williams, Ruth Stovall, Patsy Batchelor, Edith Whitley, Louise Bonner, Christine Gregory, Margaret Thomas, Mildred Hansard, Ida Maud Lutz, Maurine Scott, Ida Nabers, Ruby Seals, Lockie Dee Thompson of Quanah, Ola Ferguson, Winnie Wafer, Bessie Small, Loraine Brunson, Mary Hope Westbrook, Ruth Walker, Louise Weatherall, Helen Williams, and Messes, Vivian Smith, Clarence Justin, Roy Smart, Jimmie Robinson, Walter McElroy, Wilburn Bramlett, J. D. Morris, Jess Hollar, Jno. B. Waller, Ewing Stovall, Thornton Ferguson, Delphus Bourland, Hugh Bourland, Chester Robinson, Hub Robinson, Charlie Blackwood, George Colter, Walter Free, Joe Free, Frank Parr, Dennis Windle, Wallace Baird, Chauncy Estes, Coach J. A. Morrow of Vernon, and Emory of Mangum.

Miss Jennie Blackman, who is attending Southern Methodist University, is spending the week-end with her mother, Mrs. G. E. Blackman. Miss Allene Walker, also a student at S. M. U., accompanied Miss Blackman home. Miss Walker is a sister of Mrs. Knox Kinard of this city.

HERE AND THERE OVER OUR STATE

Ellis county is acknowledged this year as the greatest cotton producing county in Texas. The last year's reports shows that up to November 1 Ellis had ginned from the 1921 growth 75,516 bales as compared with 98,868 Williamson county is second with 62,945 bales, and Hill county third with 55,061 bales.

An arrangement has been made by the manager of the McLennan County Farm Association whereby farmers of that county who desire to hold their cotton may secure loans at seven per cent. The money is to be obtained through the War Finance Corporation through the Agricultural and Live-stock Finance Corporation, recently organized in Fort Worth.

Two of the world's greatest military celebrities are to visit Houston during the first week in December. One is Marshal Ferdinand Foch of France, and the other General Amado Diaz, commander-in-chief of the Italian armies. General Diaz will spend December 1 there, and Marshal Foch will be present the evening of December 7.

The Texas Power and Light Company of Sherman has made good its promise of last July to lower domestic and mercantile lighting rates in Sherman.

A. M. Bourland, returned Thursday from Kellar, his old home, where he visited a few days on his way back to Vernon from Austin where he went in the interest of the Federal appropriation for the highway through Wilbarger county.

man in November by notifying the commission by letter of the new schedule of lower rates effective with this month's consumption of current. The decreased rates will be in effect in the making of November bills to be presented December 1.

W. B. Townsend, Finance Commissioner of Fort Worth and brother of J. V. Townsend of Vernon, was appointed Tuesday to succeed Police and Fire Commissioner John Alderman as a member of the managers of the City County Hospital. Mr. Townsend was formerly county and district clerk of Wilbarger.

Contracts have been let in Groesbeck for eight more brick buildings, three of which will be two stories and all of which are leased. Two drug stores, another picture show, two office buildings, two cafes, and a confectionery store and candy kitchen and two new dry goods concerns are to open immediately, or as soon as the buildings under construction or contract are completed.

During the fiscal year ending August 31 last the Comptroller of Texas registered bonds aggregating \$34,767,270 as against \$33,005,846 for the preceding year. During the year counties, cities and districts redeemed bonds in the aggregate of \$595,469 and the State Board of Education purchased for the school fund bonds totaling \$3,631,375.

Paid Fancy Prices

"I paid an international authority on diseases of the stomach \$1,500 and he didn't do the five cents' worth of good. I have been to various spas in Europe, as well as this country and have spent fully \$30,000 fruitlessly in search of a cure for my stomach trouble. Naturally I lost faith in any remedy for my case. My wife's brother had taken Mayer's Wonderful Remedy and praised it so highly that I tried it and am now entirely rid of that trouble." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Sold by T. M. Ferguson Drug Company, and druggists everywhere. Itc

In Buying Shoes You Want the Kind That Give the Most Wear for Your Money. What Make of Shoes Will Do This? "Star Brand" the Answer

For a shoe to give satisfaction, it must have good appearance, fit well, hold its shape, wear well and be reasonably priced. Many shoes look well when you buy them, but if they contain substitutes for leather they do not hold their shape, neither do they wear as long as shoes made of solid leather. That's why we recommend Star Brand Shoes above all others. They are made of solid leather, hold their shape, wear well, and cost no more than shoes that contain substitutes for leather. Not only in this section of the State but all over the United States the demand for Star Brand Shoes is so great that every Star Brand factory is kept working capacity time. Star Brand factories make 80,000 pairs per day and are unable to supply the demand. WE HAVE THE LARGEST STOCK OF STAR BRAND SHOES IN THIS SECTION OF THE STATE CAN FIT YOUR FEET IN THE STYLES YOU LIKE BEST. We pay parcel post charges on mail orders.

LOT. NO. 34

FORD IN MARKET FOR WARSHIPS

Henry Ford has seconded the offer of Secretary Charles E. Hughes to reduce the world's naval strength. He has announced that when the vessels are scrapped he will be at the scrap pile and be ready to buy all the junk to turn into plowshares and automobiles. He goes further than Secretary Hughes, for he wants to buy all the navies of the world; he wants all the warships that have been constructed or are being constructed—the old and the new—and he declares he can raise the money with which to buy them—as junk.

Mr. Ford insists that if work be stopped on warships now being constructed it will deprive the large forces in ship building yards of work unless some other employment be found for them. This he offers to do by turning out more tractors and automobiles.

United States naval officials are ready to trade right now. There are seven obsolete battleships that are taking up space in navy yards, and Mr. Ford may have them if the price he offers be acceptable. However, since Mr. Ford is not looking especially for battleships except as he may advance the cause of peace, he may not wish to buy a few run-down ships unless he acquires also some of the most modern and up-to-date war vessels, either proposed or in service.

Mr. Ford is building automobiles and tractors; Mr. Ford is operating a railroad successfully. Mr. Ford may lease the Muscle Shoals property from the United States and manufacture nitrates from the air and electricity by hydraulic power for distribution over a large part of the country. He declares he can find better use for the "junk" in the battleships than can be found for it in war vessels. He believes the absence of all navies would be helpful in bringing about the peace of the world, and that a definite offer to buy them thus giving each nation a little ready cash to meet other obligations, would arouse the commercial spirit of those nations that may be a little short of funds so they will be more ready to accept Secretary Hughes' proposition. —Fort Worth Record.

DISPOSING OF COTTON STALKS.

There is much difference of opinion as to the best way to dispose of cotton stalks in order to destroy the maximum number of boll weevils. Many are advising the burning of stalks, claiming that in this process the hibernating weevils are destroyed and the land benefitted by the ashes which result from the fires.

The Georgia Experiment Station, however, has decided, after much observation, that the burning of cotton stalks is destructive of but few weevils and that it is far better to run the stalk chopper over the field and then plow them under. In the discussion of this subject the Georgia expert says:

"In taking the cotton stalks into piles many of the weevils, if not all, are shaken off. But few, if any, are found inside the stalks as they are

from the roots still in the ground, or hidden away in other places. Therefore, burning the stalks does not destroy as many weevils as many have been led to believe."

"The burning of the stalks is destructive of material which should go back into the soil. Plowing the stalks under will destroy as many weevils as burning and at the same time improve the soil. Deep plowing is recommended."—Farm and Ranch.

ARE WE GOOD SPORTS?

The "Vernon Spirit" is proverbial, nor has it been lowered one whit by the local high-school football team. It is unfortunate, however, that some of the team's supporters have once or twice forgotten the "Vernon Spirit."

For the most part, a fine spirit of sportsmanship was displayed during and after the Wichita game Saturday. A few youthful enthusiasts were so exuberant in their feelings and so disappointed that Vernon failed to score after making four heart-breaking line smashes inside of Wichita's one-yard line that they challenged any, or all, of the Wichita aggregation to a fight.

Nor did the fact that there were young ladies in one of the automobiles approached prevent the use of language which, to say the least, is indecent on any occasion. While the over-wordy youths did not represent the local team, they did bring discredit upon the entire community.

Undoubtedly such showing of poor sportsmanship was through thoughtlessness. If so, the boys will not again be guilty.

WHY NOT A COUNTY LIBRARY?

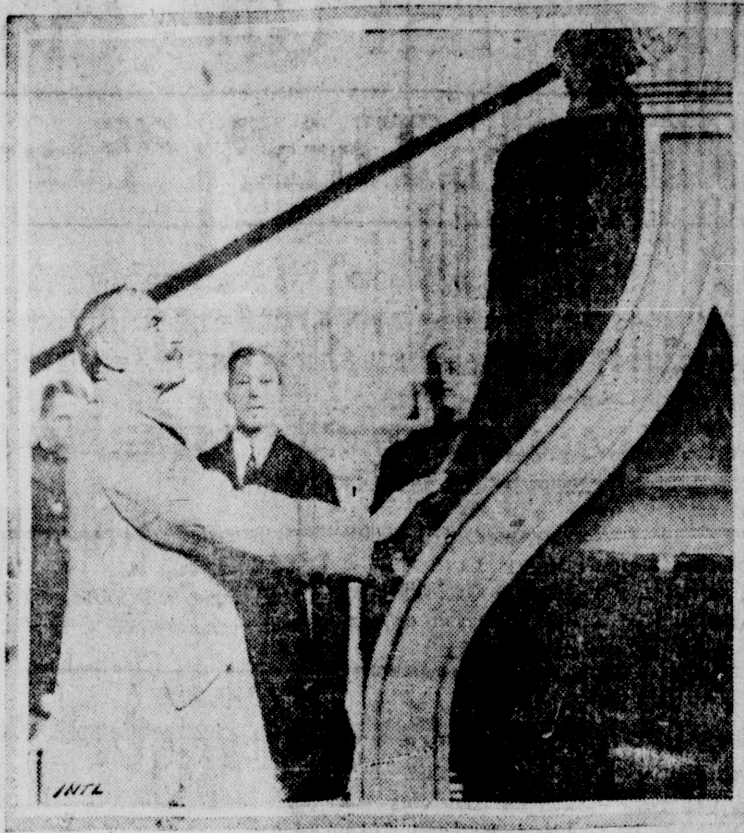

Vernon's public library has rendered admirable service to all of Wilbarger county, despite the fact that it is not, in reality, a "County Library." The institution is handicapped, however, by lack of funds. It is, therefore, unable to render service of most value to those who would, in all probability, make use of it.

Dallam, Cooke, Harris, Potter, and Tarrant counties maintain county libraries. Branch libraries are established in convenient places, and the demand for books has been "great and instantaneous," according to Miss Lillian Gunter, librarian of Cooke county.

Miss Gunter says that people come as far as twenty miles for a book. The first volumes to be issued under the new plan were Adam Smith's "Wealth of Nations" and "Emerson's Essays." If there is an isolated family that can not reach a branch, service is given by parcels post.

Four of the Cooke county branch libraries are in stores, two in banks, two in private homes, one in a physician's office, and one in the Woodmen's hall. One of the immediate needs of Wil-

FOCH RESTS HAND ON LIBERTY BELL

Ferdinand Foch, Marshal of France, the greatest and oldest Republic in the world outside of the United States, paid a visit to America's most historic city, Philadelphia, and, at Independence Hall, saw the famous old Liberty Bell, which proclaimed the independence of the United States of America one hundred and forty-six years ago.

barger county is to make of the local library a county institution and the establishment of branch libraries over the county.

HER SUFFERINGS WERE TERRIBLE

Muskogee Woman Says She Was In Wretched Health Before Taking Tan-lac—Feels Fine Now.

"Before I got Tan-lac my health was so bad I could hardly hobble around my room; but now I'm in such fine condition that I take care of my housework without a bit of trouble," was the statement made by Mrs. T. J. Bequette, 305 South Second Street, Muskogee, Okla.

"About a year ago I had a severe attack of indigestion which I think effected my nervous system. Anyhow, my feet and limbs got in an awful fix. At first the nerves in my feet seemed to be dead, for they felt perfectly numb; and then my feet got to hurting so bad I could hardly stand it, and the pains ran up into my hips and back. The way I suffered was simply awful, and the indigestion caused a terrible pain in my stomach and side that kept me feeling miserable all the time. I could scarcely be up at all and had to spend most of my time in bed.

"A friend finally advised me to try Tan-lac, and I'm so happy over the good health it has given me that I advise every sufferer I see to try it. Why, it helped me right from the start, and I haven't had a sick day since I finished my fourth bottle. I assist my husband every day mounding and trimming photographs, besides doing all my housework."

"BIG GUNS" WHO GUIDE THE DESTINY OF ARMS CONFERENCE

For the first time since the meeting of visiting foreigners to the Arms Conference, in Washington, the chiefs of the different delegations assembled to have their photographs taken. These men, who will speak for their nations during the sessions of the conference, all agreed that they would like to pose for a picture that will probably prove unique for one showing so many distinguished representatives of the great nations gathered together at one time. This group of men have at the present time more to say about shaping the destinies of Mother Earth than any other. Left to right: Jonkheer H. A. Van Karnebeek, Netherlands; Dr. Alfred Sze, of China; Arthur J. Balfour, Great Britain; Charles E. Hughes, United States; Premier Aristide Briand, France; Senator Carlo Schanzer, Italy; Baron de Marchienne, Belgium; Prince Iyesato Tokugawa, Japan.

Foster's Bulletin.

Washington, D. C., Nov. 25, 1921.—

The week centering on December 2 will be warmer and the storms more severe than usual, the precipitation greater than the average of November and December 1921. But don't forget I

told you, some time ago, November and December would bring less moisture than usual and that Winter grain would be damaged by dry weather, and damage has already reached Winter grain, the dry weather is here and we have only passed through one of the two dry months. I have many letters complaining that my newspaper bulle-

tins do not give all I know as far ahead as I could. You show me how I can live on it and I will publish, in the newspapers—which is the only way to reach the people—my complete crop-weather forecasts 3 years in advance. I absolutely know the causes of good and bad crop-weather, for large sections, 3 years in advance and I am

VISITORS AND HOME FOLKS WELCOME

—Come—feel at liberty to look all you please, and try on our lovely garments. They are known for the finest of all types in all Vernon.

You will find distinguished designs and the richness of material is a conspicuous feature. The matter of values—whether it be in coats, suits or some other article of apparel, is self-evident to the woman who is fashion-wise and astute in her shopping.

very close to correcting the few mistakes I have made for small sections.

Top of the warm wave of this storm will be in Alaska November 29, western Canada 30, northwest America December 1, on meridian 90, covering it from middle provinces of Canada to Gulf of Mexico, December 2. The storms will be one day later and first part of cold wave two days later. It will be a severe cold wave and the bottom of it will reach meridian 90 near December 6. These storm features will

sweep eastward across the continent in about two days after reaching meridian 90. Study the above carefully and you will get its benefit.

The fruit crop of 1922 will be unusually important because of the great failure in 1921. For 1922 some late frosts are expected that should be provided against by preparing to make smoke fires between midnight and sunrise. These Bulletins will announce the cold waves that are expected to be followed by fruit killing frosts in Jan-

uary for southern sections, February for middle sections and March for northern. Those interested in fruit should study how to protect it from frost.

Bitten by an insect 27 years ago, a resident of Sullivan County, New York, still suffers from the effects of the bite. A little finger and a thumb were recently amputated.

SEED MEN INDORSE STERILIZATION

COTTON CONFERENCE AT AUSTIN WOULD FIGHT WEEVIL TO A FINISH

At a conference in Austin, Tuesday of cotton seed breeders and cotton seed dealers called by the Commissioner of Agriculture to discuss the pink bollworm situation, resolutions were adopted by those present endorsing the sterilization of seed as outlined by Dr. W. D. Hunter of the Federal Horticulture Board. Those in attendance also agreed to henceforth sell only such seed for planting purposes as has been sterilized and passed upon by proper authorities.

During the discussion a suggestion was made that the Governor be asked to call a special session of the Legislature to consider the enactment of a law to compel cotton gins to install seed sterilization plants. It being argued that such a system would prevent the spread of the pink bollworm by means of seed. No definite action was taken on the subject.

EAST VERNON TAKES OKLAHOMA SCALP

The fast East Vernon basketball team administered a 26 to 13 defeat Monday evening to a quintet representing Oklahoma in a game played on the latter's court. The Oklahoma lads were unable to break up the team work of the victors at any stage of the game. The lineups were as follows:

East Vernon	Oklahoma
Baker	r.g.
Rowman	l.g.
Rowman	c.
Sullivan	r.f.
Tucker	l.f.
	Sherman

NEW FOUNTAIN OF YOUTH BY THIS CALIFORNIA MAN

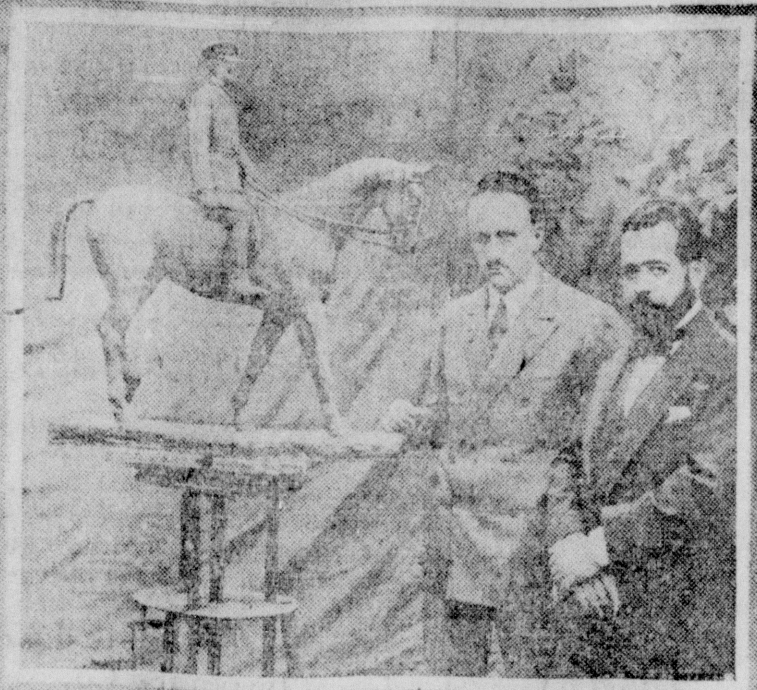

The secret of human vitality apparently has been discovered. Culminating five years of study, Philip Rathjen, M. A., Ph. D., of Pasadena, Calif., recently revealed for the first time an amazing discovery which he made. From the glands of selected bulls and cows, Dr. Rathjen has evolved a fluid which, he claims, will produce the following amazing results when injected into the human body:

Restoration of "pep" to worn-out human bodies, giving added weight, clearer eyes, brighter minds, quicker bodies, and generally increased vitality.

The new serum, which according to all reports, has produced remarkable success in many cases, is injected by a special method prescribed by Dr. Rathjen. No longer need there be transplantation of animal glands via surgeon's table.

AMERICAN SCULPTORS COMPLETE STATUE OF PERSHING

Left to right: Herbert Haseltine and Jo Davidson, American sculptors, in Mr. Haseltine's studio in Paris, with a model of a bronze statuette of General Pershing, which will be presented to West Point as a gift of admirers of the Commander-in-Chief of the A. E. F. Both sculptors worked on the statuette, which shows General Pershing erect on a spirited charger marching forward. Mr. Haseltine originally intended to have the horse in a rearing position, but later changed his attitude out of respect for Pershing's motto, "Ever Forward." General Pershing during his recent visit to Paris, visited Mr. Haseltine's studio to view the work of the artists. He was immensely pleased with it.

Old Fashioned Dinner At Club.

More than fifty members of Hill Crest enjoyed an old fashioned Thanksgiving dinner yesterday at the club. The bountiful meal was served the guests as they sat together at two tables. Afterwards there was dancing.

Hill Crest Members Play 42.

Forty guests are expected at Hill Crest Country Club tonight at play 42. Hostesses will be Miss Louise Collins, Mrs. J. A. Dixon, Mrs. J. S. Cook, and Mrs. S. W. Bailey. Pie and coffee will be served cafeteria style.

Achur Gilliland, Mr. and Mrs. M. E. Gilliland and sons, Gerald and Fred, all of Electra, spent Thanksgiving with John Brown and family.

Many new Oxfords and strap pumps the last word in shoe making. Sizes 3 to 9—widths AAA to D—McKibbin. 11 Adv.

Be Steady--but!

It's alright to be steady, but if you are too steady you'll be standing still. It pays to circulate a little—you have to keep a-moving.

Also it is a pretty good plan to keep your money moving—keep it in circulation. If a merchant buys a lot of goods and just puts them on the shelf and leaves them there he won't make much. It's the goods that move that bring the profits. Your money is the same way. Make it move. Keep it turning. Put it in the bank where it can earn you something and keep it turning.

FREEMAN BROS.

VERNON,
TEXAS

THANKSGIVING DAY CONTEST WON BY VERNON 51 TO 7

and Bramblett pounced upon it for a touchback. Vernon kicked to the center of the field and the whistle blew, announcing the end of the first half. Score: Vernon 14—Mangum 7.

Third Quarter.

Vernon kicked off. After two plays Small intercepted a pass which he juggled about. Parr finally catching the ball before it struck the ground and making 20 yards around Mangum's left end, Vernon hit the line hard and Mangum in addition suffered a 5 yard penalty for offside play. Small scored a touchdown on a fake flow kick. Bramblett missed goal. Score: Vernon 20—Mangum 7.

Vernon kicked off. Small intercepted another Mangum pass. Vernon was unable to gain, and Small punted 15 yards. Nelson returned the kick 40 yards, and Bramblett made a 15 yard return. Morrow's warriors resorted to a series of line plunges that finally sent Parr over for a touchdown. Bramblett missed goal. Score: Vernon 26—Mangum 7.

Parr kicked off to Nelson who immediately punted the ball to the Vernon safety. It was Vernon's ball on its own 40-yard line. Bramblett made 20 yards around Mangum's right end but Vernon finally lost the ball on downs. Mangum fumbled and Vernon recovered on the visitors' 10-yard line. Small went over the goal line but dropped the oval. Mangum recovering for a touchback. Score: Vernon 33—Mangum 7.

Fourth Quarter.

On a surprise play Mangum kicked 5 yards on a pass. Vernon's defense floundered for rough play. Mangum punted and Vernon, after gaining the ball to within the shadow of the goal posts, lost it on downs. P. Doolan, captain of Mangum, made 40 yards around Vernon's right end. Nelson went through the line for 20 yards. Three Vernon players simultaneously intercepted a Mangum pass which Coltzer finally garnered, and becoming confused, attempted to run in the wrong direction. Discovering his mistake, he headed about but was tackled. Bramblett passed 20 yards to Heller who ran the remaining distance to the goal line for a touchdown. Bramblett kicked goal. Score: Vernon 39—Mangum 7.

Parr kicked off, and Mangum attempted a line attack. Parr intercepted a pass and ran 50 yards for a touchdown. Bramblett kicked goal. Score: Vernon 49—Mangum 7.

Parr kicked off, and Mangum fumbled. Vernon recovering on the 45-yard line. Bramblett went over for a touchdown on a fake quarterback play. Bramblett kicked goal. Score: Vernon 47—Mangum 7.

Parr kicked off. Mangum worked the ball 30 yards to the center of the field, but was called back on a technicality. Nelson's kick was blocked and Vernon recovered over the goal line. Score: Vernon 54—Mangum 7.

Parr kicked off and Mangum tried hitting the line. Small intercepted a pass, but was forced to punt. Mangum returning 20 yards. Vernon was offside and it was Mangum's ball on the 45-yard line. Mangum completed a short pass and Vernon was again offside, giving Mangum the pigskin on Vernon's 20-yard line. The final whistle blew. Score: Vernon 54—Mangum 7.

Any Girl Can Make This Simple and Smart Winter Coat At a Low Cost

Marion Davies Has Designed and Made One.

By MARION DAVIES,
Screen Star of "The Restless Sex," "Buried Treasure," "Enchantment," etc.

The smart, straight lines are so good in coats this year that I designed this one for street and afternoon wear from an idea of my own that I have long wanted to carry out. Roomy and comfortable, it is at the same time attractive and original. It is a coat that will wear well and last for several seasons, a point which is very important these days.

It can be trimmed in real fur (and nearly every girl has some fur from an outworn coat or wrap) or it can be finished off with the new fur fabric which is so popular and so effective now. As to the color—that is always a matter of personal taste and becomingness. I made mine in plum and bought a narrow leather belt of a light tan shade.

The pattern I have drawn is explicit and easy to follow and even the most inexperienced with scissors and needle ought to have very little difficulty.

The front is cut on the lengthwise fold of the double material. The back is cut in the same manner. The line marked with the letter P indicates where the pocket should be placed. The cape is cut on the fold of the material. Goods required is 4 1/4 yards of 56 inch material.

If there are any questions that arise in the making of this coat I shall be glad to supply any information or advice. Address me at Cosmopolitan Productions, 727th Street, New York City.

Vietch; Vernon—Farrell for D. Bourland, Robinson for Thompson H. Bourland for Farrell, Farrell for McCone, H. Robinson for Justin, Gough for Farrell, C. Reed for B. Reed.

Officials: Culbertson—referee; Winston—umpire; Berry—head linesman.

WANTED—Clean cotton rags at The Record classified ads being sent.

Stock Pasturing On Alfalfa.

Do not insure stock on alfalfa fields where the rains have softened the ground badly, advise the United States Department of Agriculture. To do so will render the alfalfa plants liable to be torn out by the roots or damaged very severely. Another mistake is to pasture more stock than the alfalfa will care for, resulting in close cropping and injury to the crown. It is best to limit the stock on alfalfa pasture to such an extent that the plants will grow a little faster than they are eaten.

If you want the latest styles from the eastern style counters you will get your footwear from McKibbin.

Grocery Stores Robbed.

Thieves Sunday night entered the grocery stores of J. C. Smith and E. E. Eggleston but pilfered only a small amount of loot. It is thought that both establishments were entered through the front doors. No clue is had concerning the identity of the marauders.

Burning Trash Pile Causes Alarm.

A burning trash pile in the back yard of Wylie Bennett's place on West Paradise street Wednesday called the fire department to the scene. Only minor damage was done.

Don't Give The Boll Weevil Too. Much Credit—Exterminate the Weevil—Get Rid of Cotton Stalks and Rubbish.

The cotton acreage in general declined nearly 30 per cent this year.

This was a businesslike adjustment of supply to demand and had much to do with the 20 cent cotton. The farmer who planted his extra acres to feed crabs and grow hogs and poultry, does not now have to use all his cotton money for bare necessities. He has something left for other things.

Diversification means greater independence and prosperity for the farmer and for Wilbarger County.

This Bank stands squarely behind the agricultural development of Wilbarger County.

VOLUME 13.

BUSINESS DISTRICT GIVES \$667.92 IN FIRST DAY'S DRIVE

Welfare Association Merely
Scraps Surface In Initial
Quest For Charity Funds—
Project Will Continue Until
Quota of \$8,500 Is Raised—
Church Collection Liberal

Wilbarger County Welfare Association's drive toward a quota of \$8,500 netted the organization \$667.92 the first day of the canvass, but this amount is considered just a skimming of what may be expected shortly. Workers confined their efforts mainly to the morning of Wednesday, and several business districts were left untouched for want of canvassers. A partial solicitation for funds is being carried on today.

No canvass of the residence district was made in the first day, but this will be carried out in the near future. The remainder of the county, as well, will be thoroughly covered ere the drive is completed.

Will Press Drive

According to Dr. E. L. Moore, president of the Association, the request for funds will be continued until the full quota is reached. Another week, in his estimation, should bring in a large amount of the deficit remaining.

Dr. Moore stressed the fact that citizens must "give until it hurts." The very fact that times have not been so prosperous, he said, is all the more indication why there will be an immense amount of suffering during the coming winter. Those who are so fortunate as to possess something of worldly goods should deem it their place to help provide for those who will have nothing during the coming winter, he remarked.

Must Support Plan

According to the treasurer of the Association, it will be necessary for the citizens to finance this plan or contrive some other means of looking after the county's poor. This enterprise has been deemed the most efficient that could be worked out and if it fails it will be necessary to go back to the old system of each charitable organization making a separate drive for funds.

He remarked that anyone who has not been called upon can send donations to Jed Morrow as the Chamber of Commerce.

A special collection taken up yesterday at the combined services held at the Methodist church netted \$22.17. The congregation responded liberally to the appeal for aid, and this sum was considered exceptional in view of the number of those present.

Those Who Subscribed

A partial list of those who subscribed Wednesday is published below, and additional names will be printed in following issues of The Record:

THANKSGIVING DAY OF OLD FASHIONED VARIETY HERE

Norther Strikes City In Early
Hours of Morning and Sets
Populace to Shivering—Busi-
nesses Close for Occasion—
Fans Attend Football Game In
Afternoon.

Vernon awoke Thanksgiving morning with a composite shiver. During the preceding night a norther visited its full force upon the city and there was a general groping about in the dark for extra quilts and comforts at the foot of the bed. It was a surprise—this sudden blast of chilling air—and there was a concerted br-r-r.

Little activity was manifested in the business section during the day. Citizens for the most part elected to sit comfortably ensconced at home by warm base burners where the delicious aroma of the plump turkey baking in the kitchen was wafted anon during the morning to whet appetites nearly to the "impossible" point.

Old Fashioned Day

Father shuffled about the house in his slippers, mother, of course, presided over the preparations in the kitchen. Susie alternately loaned her aid in peeling potatoes and finishing her embroidery work, and Johnny played the Victrola and read an intensely interesting detective story. It was simply a good, old-fashioned Thanksgiving.

In the afternoon there was a football game, without which no Turkey Day could be complete, and fandom attended en masse. There was an hour of shrieks of delight and moans of despair ere the whistle announced the final play of the contest.

County Truly Thankful

All in all, it was a gratifying occasion. Vernon as well as all Wilbarger county, calmly took stock of its blessings, its industries, its agricultural resources and yields, and assured itself that it was truly thankful.

NOT SO MUCH FOR FARM LOANS

Congressman In Interview Confused
Allotment For
Texas.

An article contained in recent State papers announced that \$15,000,000 would be loaned the Texas Farm Loan Bank by the national government. Inquiry by W. N. Stokes, local secretary, concerning the unexpected appropriation revealed that the account was in error, and that \$15,000,000 represents the sum apportioned to Texas from last May until next.

According to word received here, nearly half this amount has been paid out, and applications have been received and approved for the remainder. It is reported from Houston that applications during the first seven months of the year totaled \$25,000,000.

Of this amount Wilbarger's loan association has received a goodly share. Mr. Stokes recently succeeded in receiving \$130,000 from the State bank although his quota was not more than \$40,000.

Scott, Eric G. Schroeder, L. F. Bell, Farmers Gin, Terhune & Orr, C. M. Ladd, J. M. Underwood, Vernon Storage Battery Company, W. A. Ish, Miss Ruth Westbrook, Miss Ina Westbrook, Miss A. C. Kennis, P. H. Robinson.

MUSIC HATH CHARMS TO SOOTHE THE SAVAGE BREAST

This quartet of minors doesn't know whether they are singing in a major or a minor key, but if you think they haven't volume of tone, you ought to hear them. Study their "physiognomy": they look as if they could make a little noise, don't they. They were the youngest participants recently entered during Music Week, held in San Francisco, Calif.

DONATE TOWARD DOMESTIC COURSE

HIGH SCHOOL PARENTS AND
TEACHERS FURNISH
NEAT SUM.

Approximately \$250, a sum raised by the High School Parents-Teachers Association about six years ago, has been donated by the organization toward the establishment of a domestic arts department in the local high school. Appreciation of this donation was expressed at the meeting of the Association last Friday in a letter from E. L. Dohoney, city superintendent of the schools. The money has been in a local bank since the time it was raised. Mrs. C. J. Farrell was president of the body at that time.

At the meeting last Friday, Mrs. W. N. Stokes was unanimously chosen president of the High School Parents-Teachers Association. She fills the place left vacant by Mrs. H. D. Hocker, who was elected earlier but declined to serve. Other officers of the Association are Miss Anna Joe Pendleton, treasurer, and Mrs. Emmett Piper, secretary. Dues of the organization are fifty cents a year.

Mrs. E. L. Keltz talked Friday on "How To Secure the Best Results in Class Recitations." E. L. Dohoney spoke on the need for a new high school building. Mrs. J. E. Lutz led a round table discussion on the social life of high school boys and girls.

Box Supper At Hank Hill

There will be a box supper at the Hank Hill schoolhouse the night of Friday, December 2, the proceeds of which will go to the Red Cross and the school. Everyone is invited to attend and to bring a box.

COVER NEW CITY
ENTERPRISE

According to Mayor Harry Mason, figures presented by a Dallas firm on the proposition of constructing a new electric light plant in Vernon indicate that the cost would be \$65,000. It is proposed issuing bonds to the extent of \$100,000 to allow ample leeway in the event that the cost is in excess of the estimate made.

Mr. Mason believes that a new light plant may cost five or even ten thousand dollars more than is conjectured by the Dallas carrier. In the event the bond issues carries, he said, it is possible that an ice plant will also be constructed. Mr. Mason indicated that this would be left largely to an expression of the public will. According to estimates made by city officials, a municipal plant could furnish ice at a charge considerably less than that now being paid locally.

No definite plans, however, have as yet been made concerning a new ice plant.

An article in The Record of November 22 was in error when it stated that an election had been ordered for the construction of a municipal water and ice plant. This should have been designated as a light plant.

Lundy's Shotgun Stolen

A shotgun belonging to Wheeler Lundy was stolen Tuesday night from his car in the garage on his premises. Deputy Sheriff Frank O'Neal arrested a negro known as James Wednesday morning, and he is being held in the county jail. Mr. Lundy lives on North Tolay street.

SAYS WEEVIL MUST BE FOUGHT NOW

LOCAL BANKER SEES NO OCCA-
SION FOR DELAYING
DRIVE ON PEST

"We cannot afford to fool with this boll weevil proposition," is the sentiment expressed by L. K. Johnson, local banker, in discussing the menace threatening Wilbarger county. Mr. Johnson is well versed in farming and owns considerable land in this vicinity. The banker expressed the belief that the situation is fully as bad locally as has been reported, and that it is incumbent upon everyone in the county to "get busy." He pointed out that the depredations of the weevil in other sections are sufficient evidence of what the pest can do when it secures a foothold.

Must Fight Now.
"We cannot afford to wait," Mr. Johnson remarked, "because the boll weevil is undoubtedly here. Cotton is our big money crop and every danger that assails it must be fought down. I believe we can overcome this weevil proposition with a concerted cleanup movement."

"I see that plowing the land is advocated as a good measure to fight the pest. Such activity is good for the soil anyway, especially black land, and I think the farmers should be quick to carry out this course."

"The outcome of this fight means everything to us all and it will require the co-operation of everyone. One or two men cannot swing the enterprise, we all will have to help."

Crowell Business Men Here

Mark Henry, president of the Crowell Chamber of Commerce, and Jim Bell, banker of that city, were in Vernon Wednesday.

STATE ROAD MONEY GIVEN BECAUSE OF FOUR TO ONE VOTE

Commissioner A. M. Bourland
Says Showing Made In Vote
for \$600,000 Issue Resulted In
Liberal Appropriation for
Wilbarger County Highway at
Austin—Much Credit Is Due
Judge McHugh.

The appropriation of \$203,000 made by the State Highway Commission for Highway number 5 through Wilbarger county can be attributed in the main, according to A. M. Bourland, commissioner, to the showing made here in a recent bond election when \$600,000 of county money was voted for improving the roads. Mr. Bourland was one of the delegation from here who met with the Commission in Austin early in the week.

"It was a realization on the part of the Highway Commission," said Mr. Bourland this morning, "that Wilbarger county wanted good roads and was willing to go the limit to obtain them. Members of the body clearly appreciated the fact that the 4 to 1 vote here indicated clearly the extent to which public sentiment supported the project. Based On Highway 5."

"The allotment to Wilbarger was made solely on the basis of Highway number 5. The Colorado-to-Gulf line of travel played no part in the appropriation that was made and was not even considered. Highway number 5 is a road through the State from Texas to Texline."

E. L. McHugh, county judge, is entitled to a great share of the credit for the success of the delegation from here, according to Mr. Bourland. The manner in which the petition was presented to the State Highway Commission played a great part in inducing the appropriation made.

CHURCHES COMBINE SERVICES

Congregations of City Unite In Rendering Thanks at Methodist Church.

A well filled auditorium attended the Thanksgiving services conducted yesterday morning by the congregations of the city at the Methodist church. Dr. E. L. Moore, minister of the Presbyterian church, presided over the devotion, and was assisted by other pastors of Vernon.

Doctor Moore preached the Thanksgiving sermon, and prayer was led by Rev. W. T. Rouse and W. P. Garvin. Gus Ramage read the Thanksgiving proclamation of President Harding. Benediction was pronounced by Rev. Johnson.

A special collection for charity was taken up at the services and netted \$32.17.

SPECIAL DISTRICT COURT TO ADJOURN TOMORROW

Adjournment for the special term of district court now in session will probably take place tomorrow, according to Robert Cole of Crowell, serving as judge. The term has been in session two weeks but the docket has been light.

A divorce was granted this morning in the case of Charles Blanchard vs. Ruth Blanchard.

BOX SUPPER AT ODELL NETS LARGE PROCEEDS

A box supper was held at the Odell high school auditorium last Friday night, November 18, and netted proceeds of \$265.61. This amount was expended in purchasing a piano and lights for the school. The auditorium was filled to capacity.

Departments of music and expression will be added to the Odell school as soon as teachers for this work can be obtained.

Entertains Members of Club

Miss Geraldine Parker entertained informally members of her card club Thanksgiving afternoon at her home on West Wilbarger street. Refreshments were served, and high score was won by Miss Johnny Mallow. Guests attended from 3 until 6 o'clock.

Fire Thanksgiving Night

A fire shortly after 8 o'clock last night did small damage at the Friese home at 626 South Lexington street. The blaze is thought to have originated from an oil stove, and was confined to the walls.

THANKSGIVING DAY CONTEST WON BY VERNON 54 TO 7

Locals Score Touchdown Ere
First Minute of Play Has
Passed—Mangum Returns
Strong in Second Quarter and
Crosses Line On Local Field
For First Time This Season.

In a more or less hectic game which at first appeared as though Vernon might have to extend itself to the limit to defeat the team from Mangum, Okla., the locals sent the visitors home on the losing end of a 54 to 7 score. Only after the beginning of the second half was it a question of how high Coach Morrow's men would run the count against the aggressive Oklahomans, for during the second quarter a hard plunging, hefty fullback named Nelson caused a considerable amount of unpleasantness for the home team.

Nelson, in fact, was the outstanding star of the game, and was at least half the fighting strength of his aggregation. Equally adept at throwing and catching passes, he rushed the line harder than any player seen here this season, and it usually required the combined efforts of three Vernon men to lay him low. It was his who scored the touchdown in the second period after a series of forward passes placed the piskin on the 8-yard line. For the first time this season local fans witnessed the home team line up under its own goal posts.

Started With Thrill

The Thanksgiving game started with a thrill. Small caught the kickoff on his own 10-yard line and therewith raced 88 yards around the entire Mangum team while the rooters went into a frenzy. On the next play Parr vent over a touchdown, and Bramblett kicked goal, making the score 7 to 0 in favor of the locals with play in progress not more than 35 seconds.

As far as form was concerned, Vernon exhibited a decided reaction from the Wichita Falls contest last Saturday. The locals tackled high, ran poor interference, and against a team of better calibre might have suffered inglorious defeat. The only bright spots in the play were individual feats, mostly on the part of the backfield, which drew the applause of the spectators. One of these was a nifty catch of a forward pass by Hollar in the second half of the game and a resultant touchdown.

Parr's Work Good

Parr apparently played his best game of the season at fullback. The husky plunger ripped the Mangum line repeatedly and once intercepted a hard, low forward pass raced 50 yards to a touchdown. His defensive work was also good. Hollar, Small, and Bramblett performed with considerable credit, as well, and all during the course of the game executed plays that won them the cheers of the sidelines. In the line, B. Reed at guard showed the most class. Reed consistently stopped the hard plunging Nelson and broke up many other plays. The remainder of the line performed more or less spasmodically. Morris showed to advantage several times as did Farrell.

First Quarter.
Mangum kicked off at 3:30 and Small returned 88 yards. Parr scored a touchdown and Bramblett kicked goal. Score: Vernon 7—Mangum 0.

Parr kicked off over the goal line for a touchdown. Mangum made 5 yards through the line and was penalized 15 yards for holding. Mangum punted 25 yards. Vernon commenced a series of line rushes and end runs that shortly netted the locals a second touchdown. Bramblett kicked goal. Score: Vernon 14—Mangum 0.

Second Quarter

Mangum opened up an aerial attack that carried the ball to Vernon's 8-yard line. Nelson went over for a touchdown and kicked goal. Score: Vernon 14—Mangum 7.

Mangum kicked off over the goal line for a touchdown. A Vernon pass was intercepted and a moment later Mangum completed a pass for 15 yards. On the next play, Small, leaning high in the air, secured another pass from Oklahomans, Vernon losing shortly, however, on a snafu act by Mangum.

Nelson then passed 20 yards down the field, Bramblett intercepted the air, as he was about to cross the line. The Mangum player

HERE AND THERE OVER OUR STATE

Ellis county is acknowledged this year as the greatest cotton producing county in Texas. The last ginners' reports shows that up to November 1 Ellis had ginned from the 1921 growth 75,546 bales as compared with 68,808 bales for the same period last year. Williamson county is second with 62,945 bales, and Hill county third with 55,001 bales.

An arrangement has been made by the manager of the McLennon County Farm Association whereby farmers of that county who desire to hold their cotton may secure bales of seven per cent. The money is to be obtained from the War Finance Corporation through the Agricultural and Live Stock Finance Corporation, recently organized in Fort Worth.

Two of the world's greatest military celebrities are to visit Houston during the first week in December. One is Marshal Ferdinand Foch of France, and the other General Armando Diaz, commander-in-chief of the Italian armies. General Diaz will spend December 1 there, and Marshal Foch will be present the evening of December 7.

The Texas Power and Light Company of Sherman has made good its promise of last July to lower domestic and mercantile lighting rates in Sherman.

A. M. Bourland returned Thursday from Kellar, his old home, where he visited a few days on his way back to Vernon from Austin where he went in the interest of the Federal appropriation for the highway through Wilbarger county.

man in November by notifying the commission by letter of the new schedule of lower rates effective with this month's consumption of current. The decreased rates will be in effect in the making of November bills to be presented December 1.

W. B. Townsend, Finance Commissioner of Fort Worth and brother of J. V. Townsend of Vernon, was appointed Tuesday to succeed Police and Fire Commissioner John Alderman as a member of the managers of the City-County Hospital. Mr. Townsend was formerly county and district clerk of Wilbarger.

Contracts have been let in Groesbeck for eight more brick buildings, three of which will be two stories and all of which are leased. Two drug stores, another picture show, two office buildings, two cafes and a confectionery store and candy kitchen and two new dry goods concerns are to open immediately, or as soon as the buildings under construction or contract are completed.

During the fiscal year ending August 31 last the Comptroller of Texas registered bonds aggregating \$34,767,270 as against \$31,005,846 for the preceding year. During the year counties, cities and districts redeemed bonds in the aggregate of \$395,469 and the State Board of Education purchased for the school fund bonds totaling \$3,631,375.

Elks Entertain With Dance.
Elks will entertain this evening with a Phil Baxter dance at the club rooms.

Mrs. J. T. Williams went to Wichita Falls Wednesday to spend Thanksgiving with her daughters.

Paid Fancy Prices

"I paid an international authority on diseases of the stomach \$1,500 and he didn't do me five cents' worth of good. I have been to various Spas in Europe, as well as this country and have spent fully \$24,000 fruitlessly in search of a cure for my stomach trouble. Naturally I lost faith in any remedy for my case. My wife's brother had taken May's Wonderful Remedy and praised it so highly that I tried it and am now entirely rid of that trouble." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Sold by T. M. Ferguson Drug Company, and druggists everywhere. He Miss Vera Harrington left Wednesday to spend the rest of the week in Clarendon.

Christmas sentiments are best expressed by a Kramer Photograph.

Today and Saturday—Earle Williams in "Bring Him In." Also a comedy.

Dr. Hood, the part played by Earle Williams, has one insatiable enemy, Canby, whom he has forbidden to enter his house. On the night of his arrival home after a long absence Hood dreams that he is having an altercation with his enemy which ends with a fist fight, in the midst of which Hood kills Canby with a pistol. Hood is awakened from his pleasant subconscious experience by a real pistol shot.

Hastening down stairs, he finds Canby lying dead in the library with a bullet in his heart. Hood leaves his home, feeling that he will be accused, and thereafter the story deals with the Royal Northwest Mounted Police. One of these never-give-in riders sets off in pursuit of Hood, but in contrast to the dramatic intensity of this remorseless chase is the gay, romantic love story woven in and out of the darker background.

Monday and Tuesday—Wanda Hawley in "Her Sturdy Oak."

The plight of a dreamy poet who has to choose between an efficient business woman who had planned to take very good care of him, and a clinging vine who was as impractical and romantic as himself, forms the foundation upon which the plot of "Her Sturdy Oak" is built.

Miss Hawley is the clinging vine, Sylvia Ashton plays the efficient, money-making woman, and Walter Hiers is the dreamer who is loved by both and chooses, of course, the tender clinging vine. Everybody predicts dire ruin, and for a time things do go badly for the vine and her flabby support, but he develops unexpected stamina and the tide turns for them.

ENTERTAIN MANGUM TEAM WITH 42 AT TAYLOR HOME

A pleasant evening of 42 was provided Thanksgiving night by local high school students at the home of Miss Agnes and Roy Taylor in honor of the Mangum football team and rooters. Punch was served throughout the evening and the occasion was much enjoyed. Those present beside the host and hostess were:

Misses Hazel Vaughn, Hazel McElroy, Mary Myatt Shive, Allie Randall, Clara Will Lane, Clara Leutwyler, Doris Waller, Ogal Williams, Ruth Stovall, Patsy Batchelor, Edith Whitley, Lenice Bonner, Christine Gregory, Marguerite Thomas, Mildred Hansard, Ida Maud Lutz, Maurine Scott, Ida Nabers, Ruby Seals, Lockie Dee Thompson of Quanah, Ola Ferguson, Winnie Water, Bessie Small, Loraine Brunson, Mary Hope Westbrook, Ruth Walker, Louise Weatherall, Helen Williams, and Messrs. Vivian Smith, Clarence Justin, Roy Smart, Jimmie Robinson, Walter McElroy, William Bramlett, J. D. Morris, Jess Mollar, Jno. B. Waller, Ewing Stovall, Thornton Ferguson, Delphus Bourland, Hugh Bourland, Chester Robinson, Hub Robinson, Charlie Blackwood, George Coltzer, Walter Free, Joe Free, Frank Parr, Dennis Windle, Wallace Baird, Chauncey Estes, Coach J. A. Morrow of Vernon, and Emory of Mangum.

Miss Jennie Blackman, who is attending Southern Methodist University, is spending the week-end with her mother, Mrs. G. E. Blackman. Miss Allene Walker, also a student at S. M. U., accompanied Miss Blackman home. Miss Walker is a sister of Mrs. Knox Kihard of this city.

In Buying Shoes You Want the Kind That Give the Most Wear for Your Money. What Make of Shoes Will Do This? "Star Brand" the Answer

For a shoe to give satisfaction, it must have good appearance, fit well, hold its shape, wear well and be reasonably priced. Many shoes look well when you buy them, but if they contain substitutes for leather they do not hold their shape, neither do they wear as long as shoes made of solid leather. That's why we recommend Star Brand Shoes above all others. They are made of solid leather, hold their shape, wear well, and cost no more than shoes that contain substitutes for leather. Not only in this section of the State but all over the United States the demand for Star Brand Shoes is so great that every Star Brand factory is kept working capacity time. Star Brand factories make 80,000 pairs per day and are unable to supply the demand.

WE HAVE THE LARGEST STOCK OF STAR BRAND SHOES IN THIS SECTION OF THE STATE CAN FIT YOUR FEET IN THE STYLES YOU LIKE BEST. We pay parcel post charges on mail orders.

LOT NO. 34

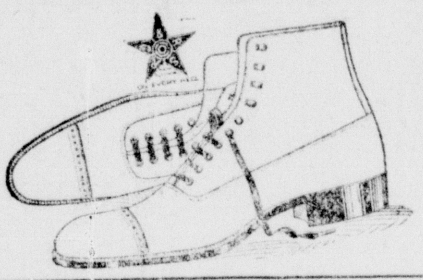

—A straight last dress shoe of the highest quality, made of finest grade brown kid, easy fitting last, rubber heel; widths B, C and D.

Vernon, Texas, Friday, Nov. 25, 1921

FORD IN MARKET FOR WARSHIPS

Henry Ford has seconded the offer of Secretary Charles E. Hughes to reduce the world's naval strength. He has announced that when the vessels are scrapped he will be at the scrap pile and be ready to buy all the junk to turn into plowshares and automobiles. He goes further than Secretary Hughes, for he wants to buy all the navies of the world; he wants all the warships that have been constructed or are being constructed—the old and the new—and he declares he can raise the money with which to buy them—as junk.

Mr. Ford insists that if work be stopped on warships now being constructed it will deprive the large forces in ship building yards of work unless some other employment be found for them. This he offers to do by turning out more tractors and automobiles.

United States naval officials are ready to trade right now. There are seven obsolete battleships that are taking up space in navy yards, and Mr. Ford may have them if the price he offers be acceptable. However, since Mr. Ford is not looking especially for battleships except as he may advance the cause of peace, he may not wish to buy a few run-down ships unless he acquires also some of the most modern and up-to-date war vessels, either proposed or in service.

Mr. Ford is building automobiles and tractors; Mr. Ford is operating a railroad successfully. Mr. Ford may lease the Muscle Shoals property from the United States and manufacture nitrates from the air and electricity by hydraulic power for distribution over a large part of the country. He declares he can find better use for the "junk" in the battleships than can be found for it in war vessels. He believes the absence of all navies would be helpful in bringing about the peace of the world, and that a definite offer to buy them thus giving each nation a little ready cash to meet other obligations, would arouse the commercial spirit of those nations that may be a little short of funds so they will be more ready to accept Secretary Hughes' proposition. —Fort Worth Record.

DISPOSING OF COTTON STALKS.

There is much difference of opinion as to the best way to dispose of cotton stalks in order to destroy the maximum number of boll weevils. Many are advising the burning of stalks, claiming that in this process the hibernating weevils are destroyed and the land benefitted by the ashes which result from the fires.

The Georgia Experiment Station, however, has decided, after much observation, that the burning of cotton stalks is destructive of but few weevils and that it is far better to run the stalk chopper over the field and then plow them under. In the discussion of this subject the Georgia expert says:

"In taking the cotton stalks into piles many of the weevils, if not all, are shaken off. But few, if any, are found inside the stalks, as they are either feeding on the sprouts coming

from the roots still in the ground, or hidden away in other places. Therefore, burning the stalks does not destroy as many weevils as many have been led to believe."

"The burning of the stalks is destructive of material which should go back into the soil. Plowing the stalks under will destroy as many weevils as burning and at the same time improve the soil. Deep plowing is recommended."—Farm and Ranch.

ARE WE GOOD SPORTS?

The "Vernon Spirit" is proverbial, nor has it been lowered one whit by the local high school football team. It is unfortunate, however, that some of the team's supporters have once or twice forgotten the "Vernon Spirit."

For the most part, a fine spirit of sportsmanship was displayed during and after the Wichita game Saturday. A few youthful enthusiasts were so exuberant in their feelings and so disappointed that Vernon failed to score after making four heart-breaking line smashes inside of Wichita's one-yard line that they challenged any, or all, of the Wichita aggregation to a fight.

Nor did the fact that there were young ladies in one of the automobiles approached prevent the use of language which, to say the least, is indecent on any occasion. While the over-wordy youths did not represent the local team, they did bring discredit upon the entire community.

Undoubtedly such showing of poor sportsmanship was through thoughtlessness. If so, the boys will not again be guilty.

WHY NOT A COUNTY LIBRARY?

Vernon's public library has rendered admirable service to all of Wilbarger county, despite the fact that it is not, in reality, a "County Library." The institution is handicapped, however, by lack of funds. It is, therefore, unable to render service of most value to those who would, in all probability, make use of it.

Dallam, Cooke, Harris, Potter, and Tarrant counties maintain county libraries. Branch libraries are established in convenient places, and the demand for books has been "great and instantaneous," according to Miss Lillian Gunter, librarian of Cooke county.

Miss Gunter says that people come as far as twenty miles for a book. The first volumes to be issued under the new plan were Adam Smith's "Wealth of Nations" and "Emerson's Essays." If there is an isolated family that can not reach a branch, service is given by parcels post.

Four of the Cooke county branch libraries are in stores, two in banks, two in private homes, one in a physician's office, and one in the Woodmen's hall. One of the immediate needs of Wil-

FOCH RESTS HAND ON LIBERTY BELL

Ferdinand Foch, Marshal of France, the greatest and oldest Republic in the world outside of the United States, paid a visit to America's most historic city, Philadelphia, and, at Independence Hall, saw the famous old Liberty Bell, which proclaimed the independence of the United States of America one hundred and forty-six years ago.

barger county is to make of the local library a county institution and the establishment of branch libraries over the county.

Mr. and Mrs. Rufus Vandiver of Memphis are spending the week-end as the guests of Miss Ada Pierce.

Mrs. J. T. Williams and daughter, Miss Ruby, returned yesterday from a visit in Wichita Falls.

Colonel C. T. Herring and Mr. and Mrs. W. E. Herring of Amarillo are visiting Mr. and Mrs. L. K. Johnson.

Joe Parker and Tom Summerour returned yesterday from Lubbock and other points.

Mrs. S. Sewell returned Monday from a seven weeks' visit in Yoakum and Houston.

McKibbin is showing a wonderful line of hose in both silk and wool—silk and wool, wool clocked prices—\$1.00 to \$2.75. Adv. 11

HER SUFFERINGS WERE TERRIBLE

Muskogee Woman Says She Was In Wretched Health Before Taking Tan-lac—Feels Fine Now.

"Before I got Tanlac my health was so bad I could hardly hobble around my room; but now I'm in such fine condition that I take care of my housework without a bit of trouble," was the statement made by Mrs. T. J. Bequette, 305 South Second Street, Muskogee, Okla.

"About a year ago I had a severe attack of indigestion which I think effected my nervous system. Any how, my feet and limbs got in an awful fix. At first the nerves in my feet seemed to be dead, for they felt perfectly numb; and then my feet got to hurting so bad I could hardly stand it, and the pains ran up into my hips and back. The way I suffered was simply awful, and the indigestion caused a terrible pain in my stomach and side that kept me feeling miserable all the time. I could scarcely be up at all and had to spend most of my time in bed.

"A friend finally advised me to try Tanlac, and I'm so happy over the good health it has given me that I advise every sufferer I see to try it. Why, it helped me right from the start, and I haven't had a sick day since I finished my fourth bottle. I assist my husband every day mouning and tripping photographs, besides doing all my housework."

"BIG GUNS" WHO GUIDE THE DESTINY OF ARMS CONFERENCE

For the first time since the meeting of visiting foreigners to the Arms Conference, in Washington, the chiefs of the different delegations assembled to have their photographs taken. These men, who will speak for their nations during the sessions of the conference, all agreed that they would like to pose for a picture that will probably prove unique for one showing so many distinguished representatives of the great nations gathered together at one time. This group of men have at the present time more to say about shaping the destinies of Mother Earth than any other. Left to right: Jonkheer H. A. Van Karnebeek, Netherlands; Dr. Alfred Sze, of China; Arthur J. Balfour, Great Britain; Charles E. Hughes, United States; Premier Aristide Briand, France; Senator Carlo Schanzer, Italy; Baron de Marchienne, Belgium; Prince Iyesato Tokugawa, Japan.

Foster's Bulletin.

Washington, D. C., Nov. 25, 1921.—

The week centering on December 2 will be warmer and the storms more severe than usual, the precipitation greater than the average of November and December 1921. But don't forget I

told you, some time ago, November and December would bring less moisture than usual and that Winter grain would be damaged by dry weather, and damage has already reached Winter grain, the dry weather is here and we have only passed through one of the two dry months. I have many letters complaining that my newspaper bulle-

tins do not give all I know as far ahead as I could. You show me how I can live on it and I will publish, in the newspapers—which is the only way to reach the people—my complete crop-weather forecasts 3 years in advance. I absolutely know the causes of good and bad cropweather, for large sections, 3 years in advance and I am

You will find distinguished designs and the richness of material is a conspicuous feature. The matter of values—whether it be in coats, suits or some other article of apparel, is self-evident to the woman who is fashion-wise and astute in her shopping.

very close to correcting the few mistakes I have made for small sections.

Top of the warm wave of this storm will be in Alaska November 29, western Canada 30, northwest America December 1, on meridian 90, covering it from middle provinces of Canada to Gulf of Mexico, December 2. The storms will be one day later and first part of cold wave two days later. It will be a severe cold wave and the bottom of it will reach meridian 90 near December 6. These storm features will

sweep eastward across the continent in about two days after reaching meridian 90. Study the above carefully and you will get its benefit.

The fruit crop of 1922 will be unusually important because of the great failure in 1921. For 1922 some late frosts are expected that should be provided against by preparing to make smoke fires between midnight and sunrise. These Bulletins will announce the cold waves that are expected to be followed by fruit killing frosts in Jan-

uary for southern sections. February for middle sections and March for northern. Those interested in fruit should study how to protect it from frost.

Bitten by an insect 27 years ago, a resident of Sullivan County, New York, still suffers from the effects of the bite. A little finger and a thumb were recently amputated.

SEED MEN INDORSE STERILIZATION

COTTON CONFERENCE AT AUSTIN WOULD FIGHT WEEVIL TO A FINISH

At a conference in Austin, Tuesday, of cotton seed breeders and cotton seed dealers called by the Commissioner of Agriculture to discuss the pink bollworm situation, resolutions were adopted by those present endorsing the sterilization of seed as outlined by Dr. W. D. Hunter of the Federal Horticulture Board. Those in attendance also agreed to henceforth sell only such seed for planting purposes as has been sterilized and passed upon by proper authorities.

During the discussion a suggestion was made that the Governor be asked to call a special session of the Legislature to consider the enactment of a law to compel cotton gins to install seed sterilization plants. It being argued that such a system would prevent the spread of the pink bollworm by means of seed. No definite action was taken on the subject.

EAST VERNON TAKES OKLAHOMA SCALP

The fast East Vernon basketball team administered a 26 to 13 defeat Monday evening to a quiblet representing Oklahoma in a game played on the latter's court. The Oklahoma lads were unable to break up the team work of the victors at any stage of the game. The lineups were as follows:

East Vernon	Okla.	Okla.
Baker	r.g.	Lane
Bowman	l.g.	Turpin
Bowman	c.	Stalcup
Sullivan	r.f.	King
Tucker	l.f.	Sherman

NEW FOUNTAIN OF YOUTH BY THIS CALIFORNIA MAN

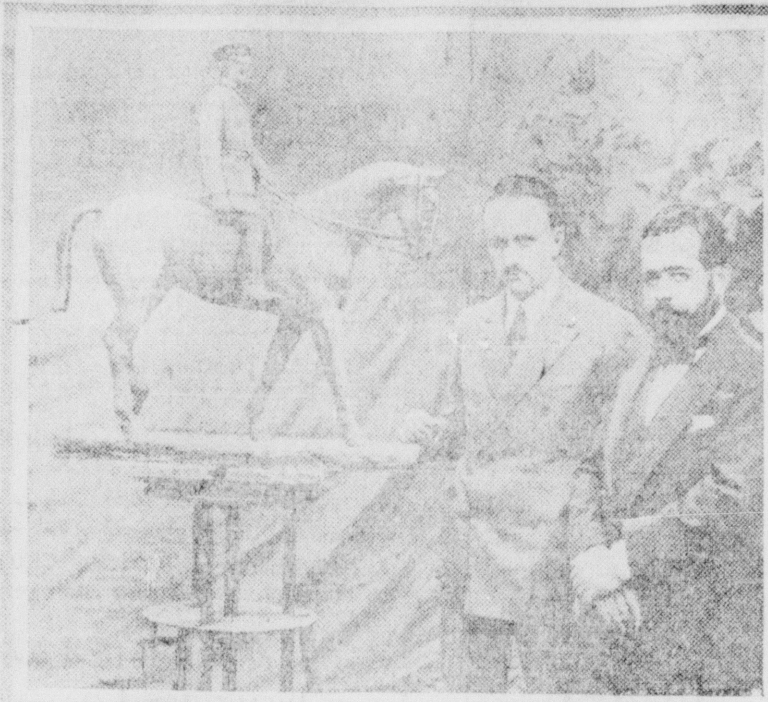

The secret of human vitality apparently has been discovered. Culminating five years of study, Philip Rathjen, M. A., Ph. D., of Pasadena, Calif., recently revealed for the first time an amazing discovery which he made. From the glands of selected bulls and cows, Dr. Rathjen has evolved a fluid which, he claims, will produce the following amazing results when injected into the human body:

Restoration of "pep" to worn-out human bodies, giving added weight, clearer eyes, brighter minds, quicker bodies, and generally increased vitality.

The new serum, which according to all reports, has produced remarkable success in many cases, is injected by a special method prescribed by Dr. Rathjen. No longer need there be transplantation of animal glands via the surgeon's table.

AMERICAN SCULPTORS COMPLETE STATUE OF PERSHING

Left to right: Herbert Haseltine and Jo Davidson, American sculptors, in Mr. Haseltine's studio in Paris, with a model of a bronze statuette of General Pershing, which will be presented to West Point as a gift of admirers of the Commander-in-Chief of the A. E. F. Both sculptors worked on the statuette, which shows General Pershing erect on a spirited charger marching forward. Mr. Haseltine originally intended to have the horse in a rearing position, but later changed his attitude out of respect for Pershing's motto, "Ever Forward." General Pershing during his recent visit to Paris, visited Mr. Haseltine's studio to view the work of the artists. He was immensely pleased with it.

Old Fashioned Dinner At Club.

More than fifty members of Hill Crest enjoyed an old fashioned Thanksgiving dinner yesterday at the club. The bountiful meat was served the guests as they sat together at two tables. Afterwards there was dancing.

Arthur Gilliland, Mr. and Mrs. M. E. Gilliland and sons, Gerald and Fred, all of Electra, spent Thanksgiving with John Brown and family.

Hill Crest Members Play 42.

Forty guests are expected at Hill Crest Country Club tonight at play 42. Hostesses will be Miss Louise Collins, Mrs. J. A. Dixon, Mrs. J. S. Cook, and Mrs. S. W. Bailey. Pie and coffee will be served cafeteria style.

Many new Oxfords and strap pumps, the last word in shoe making. Sizes 3 to 9—widths AAA to D—McKibbin. 11 Adv.

THANKSGIVING DAY CONTEST WON BY VERNON 51 TO 7

and Bramblett pounced upon it for a touchback. Vernon kicked to the center of the field and the whistle blew, announcing the end of the first half. Score: Vernon 14—Mangum 7.

Third Quarter.

Vernon kicked off. After two plays Small intercepted a pass which he juggled about, Parr, Gaddy, catching the ball before it struck the ground and making 20 yards around Mangum's left end, Vernon hit the line hard and Mangum in addition suffered a 5 yard penalty for offside play. Small scored a touchdown on a fake line play. Bramblett missed goal. Score: Vernon 20—Mangum 7.

Vernon kicked off. Small intercepted another Mangum pass. Vernon was unable to gain, and Small punted 15 yards. Nelson returned the kick 40 yards, and Bramblett made a 15 yard return. Morrow's warriors resorted to a series of line plunges that finally sent Parr over for a touchdown. Bramblett missed goal. Score: Vernon 26—Mangum 7.

Parr kicked off to Nelson who immediately punted the ball to the Vernon safety. It was Vernon's ball on its own 10-yard line. Bramblett made 20 yards around Mangum's right end but Vernon finally lost the ball on down. Mangum fumbled and Vernon recovered on the visitors' 10-yard line. Small went over the goal line but dropped the oval. Mangum recovered for a touchback. Score: Vernon 26—Mangum 7.

Fourth Quarter.

On a surprise play Mangum punted 5 yards on a pass. Vernon intercepted 10 yards for rough ground. Mangum punted and Vernon, after passing the ball to within the shadow of the goal posts, lost it on down. P. Doolan, captain of Mangum, made 40 yards around Vernon's right end. Nelson went through the line for 20 yards. Three Vernon players simultaneously intercepted a Mangum pass which Coltzer finally garnered, and becoming confused, attempted to run in the wrong direction. Discovering his mistake, he headed about but was tackled.

Bramblett passed 20 yards to Hollar who ran the remaining distance to the goal line for a touchdown. Bramblett kicked goal. Score: Vernon 33—Mangum 7.

Parr kicked off, and Mangum attempted a line attack. Parr intercepted a pass and ran 50 yards for a touchdown. Bramblett kicked goal. Score: Vernon 40—Mangum 7.

Parr kicked off, and Mangum fumbled, Vernon recovering on the 45-yard line. Bramblett went over for a touchdown on a fake quarterback play. Bramblett kicked goal. Score: Vernon 47—Mangum 7.

Parr kicked off, Mangum worked the ball 20 yards to the center of the field, but was called back on a technicality. Nelson's kick was blocked and Vernon recovered over the goal line. Score: Vernon 54—Mangum 7.

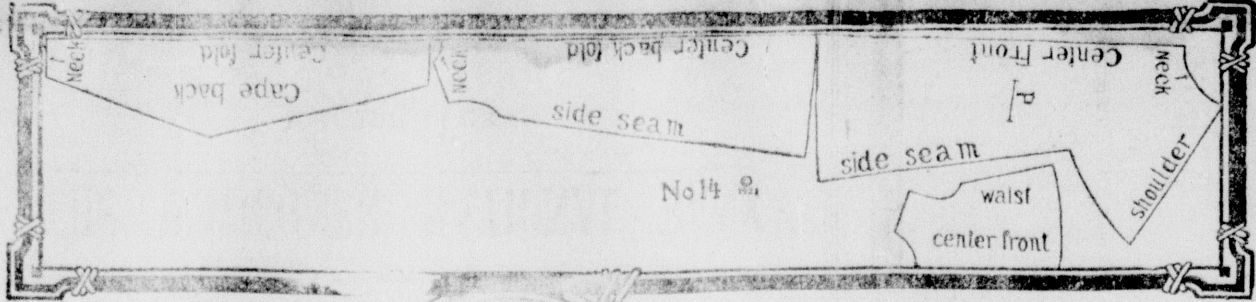

Parr kicked off and Mangum tried hitting the line. Small intercepted a pass, but was forced to punt, Mangum returning 20 yards. Vernon was off-side and it was Mangum's ball on the 45-yard line. Mangum completed a short pass and Vernon was again off-side, giving Mangum the pigskin on Vernon's 20-yard line. The final whistle blew. Score: Vernon 54—Mangum 7.

Lineup Of Teams.

Any Girl Can Make This Simple and Smart Winter Coat At a Low Cost

Marion Davies Has Designed and Made One.

By MARION DAVIES,
Screen Star of "The Restless Sex," "Buried Treasure," "Enchantment," etc.

The smart, straight lines are so good in coats this year that I designed this one for street and afternoon wear from an idea of my own that I have long wanted to carry out. Roomy and comfortable, it is at the same time attractive and original. It is a coat that will wear well and last for several seasons, a point which is very important these days.

It can be trimmed in real fur (and nearly every girl has some fur from an outworn coat or wrap) or it can be finished off with the new fur fabric which is so popular and so effective now. As to the color—that is always a matter of personal taste and becomingness. I made mine in plum and bought a narrow leather belt of a light tan shade.

The pattern I have drawn is explicit and easy to follow and even the most inept with scissors and needle ought to have very little difficulty.

The front is cut on the lengthwise fold of the double material. The back is cut in the same manner. The line marked with the letter P indicates where the pocket should be placed. The cape is cut on the fold of the material. Goods required is 4 1/4 yards of 56 inch material.

If there are any questions that arise in the making of this coat I shall be glad to supply any information or advice. Address me at Cosmopolitan Productions, 127th Street, New York City.

Slack Pasturing On Alfalfa.

Do not imagine that on alfalfa fields where the rains have softened the ground, the alfalfa plants are being trampled by the hooves of the United States Department of Agriculture. To do so will render the alfalfa plants liable to be torn out by the roots or damaged very severely. Another mistake is to pasture more stock than the alfalfa will care for, resulting in close cropping and injury to the crown. It is best to limit the stock on alfalfa pasture to such an extent that the plants will grow a little faster than they are eaten.

Officials: Culbertson—referee; Winston—umpire; Berry—head linesman.

Hill Crest Dance Well Attended.

One hundred and fifty persons were in attendance last night at the dance given at Hill Crest Country Club for members. Sandwiches and punch were served cafeteria style during the evening. Music was furnished by a five-piece orchestra.

WANTED—Clean cotton rags at The Record classification and being resold.

Greasy Stores Robbed.

Thieves Sunday night entered the greasy stores of J. C. Smith and E. E. Eggeston but pilfered only a small amount of loot. It is thought that both establishments were entered through the front doors. No clue is had concerning the identity of the marauders.

Burning Trash Pile Causes Alarm.

A burning trash pile in the back yard of Wylie Bennett's place on West Paradise street Wednesday called the fire department to the scene. Only minor damage was done.

McKibbin is showing the best line of Oxfords in Texas for \$5.00.

WE HAVE THE BEST COLORADO MILL RUN BRAN \$1.25

This bran has as much food value as the ordinary shorts you pay \$1.45 to \$1.60.

Don't Give The Boll Weevil Too Much Credit—Exterminate the Weevil—Get Rid of Cotton Stalks and Rubbish.

The cotton acreage in general declined nearly 30 per cent this year.

This was a business-like adjustment of supply to demand and had much to do with the 30-cent cotton. The farmer who planted his extra acres to feed crows and grew hogs and poultry, does not now have to use all his cotton money for bare necessities. He has something left for other things.

Diversification means greater independence and prosperity for the farmer and for Wilbarger County.

This Bank stands squarely behind the agricultural development of Wilbarger County.

DODGE BROTHERS MOTOR CAR OWNERS

Mr. Ernest W. Hampton has taken active charge of our "SERVICE DEPARTMENT" and all Dodge Brothers Motor Cars brought to us for any service will receive his personal attention.

Mr. Hampton has had more than fifteen years' experience, five years of which have been exclusively devoted to Dodge Brothers Motor Cars, which enables him to locate almost instantly any trouble that might be had with a motor car, much quicker than one could do not having the experience and practical knowledge.

All of our customers will receive courteous, efficient and prompt service. Your car deserves efficient service at the proper time and it will reduce your transportation expense.

We will appreciate your gasoline, oil and accessory business, and we will be glad to serve you with free air and water. Call on us for anything in our line. It will be a pleasure to serve you.

How about radiator covers, alcohol (DENATURED for YOUR CAR RADIATOR), and a very high grade of "AMALIE" 100 per cent Pennsylvania Lubricating Oil. We handle the highest quality of tires. The new prices will agreeably surprise you and we will see that you receive a satisfactory mileage.
